

WENDY WU TOURS

Suggested Packing List

INDIA

February, March and April

This is the end of the cool season and is an ideal time to visit most of the country. Daytime temperatures are still quite high, increasing as May approaches, but evenings are dryer and cooler. If your tour visits mountains or hill stations, note that temperatures and humidity levels are significantly lower so you will probably need some warm clothes as well. Generally, dark coloured, drip-dry clothes are recommended for your holiday. Loose fitting, lightweight cotton materials are the most comfortable for humid weather, while layers of warmer clothes are advised for any cooler evenings, etc. The dress code throughout the tour is casual however, it is important that all passengers dress conservatively. Smart casual clothes are highly recommended for evening banquets and shows.

Refer to Your Travel Guide booklet or Fact Sheet about how to dress appropriately for this culture, laundry facilities available and advice about choosing your luggage.
