MEALS AND DIETARY INFORMATION

On this tour, you will have the opportunity to experience a wide variety of dining options, reflecting the diverse cuisines of the destinations you will visit. During your time in Borneo, Singapore, and Hong Kong, you will dine as a group, with meals pre-arranged to showcase local dishes. While on the cruise, you will dine independently, allowing you to choose from the main on-board restaurants included in your cruise package or opt to dine in specialty restaurants or local venues during shore excursions, both of which will be payable locally.

Borneo's cuisine is influenced by its multicultural population, offering dishes that feature rice, noodles, fresh vegetables, and a variety of meats, often cooked with bold spices and aromatic flavours. Seafood is particularly popular in coastal regions, while indigenous communities offer traditional dishes like bamboo chicken.

In Singapore, the food scene is famously diverse, with influences from Chinese, Malay, Indian, and Peranakan cuisines. Expect dishes such as Hainanese chicken rice, laksa, and chilli crab.

In Hong Kong, you will find a fusion of Cantonese, Western, and international cuisines, with popular dishes including dim sum.

On the cruise, meals in the main dining areas are included, offering a wide range of international dishes. You will also have the option to dine at specialty on-board restaurants or explore local cuisine during shore excursions. Specialty restaurants and onshore dining are payable locally. Your package also includes soft drinks and alcoholic beverages whilst onboard your cruise.

Dietary Requirements

If you have dietary requirements, please inform us before your tour starts. Our guides on land will make every effort to accommodate requests such as vegetarian, vegan, gluten-free, or other dietary needs. However, it's important to note that in some remote areas of Borneo, dining options may be more limited, and certain dietary requests may be harder to fulfil. Additionally, some local dishes are traditionally cooked using animal fats, broths, or sauces, which may not always be easily adapted to suit certain dietary needs.

While on the cruise, the ship's restaurants are well-equipped to cater to a wide range of dietary requirements, though it is still recommended to notify the cruise line of any specific needs in advance. During shore excursions, dining options may vary, and local food establishments may have limited capacity to meet special dietary requests.

For travellers with food intolerances or strict dietary needs, we recommend bringing snacks or suitable food items to supplement meals, particularly when exploring remote areas or during long excursions. Your patience and understanding are appreciated, as local suppliers may not always be able to provide the same level of accommodation as you might expect at home. However, we aim to ensure you have an enjoyable and authentic culinary experience throughout your journey.

ACCOMMODATION:

All group tour hotels have private western bathroom facilities and a telephone. Electricity supplies can be erratic and quite often the power in hotel rooms is turned off while guests are out of the room. If you experience any difficulty, please speak to your Local Guide or National Escorts.

Accommodation is selected for its convenience, comfort, and character, ranging from modern hotels in bustling cities to more traditional stays that reflect the region's charm. In remote areas of Borneo, accommodation may be of a simpler standard, with fewer Western-style amenities. Hotels are generally rated as local 3-4 star standard, but please note that there is no international classification system, so standards may differ from those in New Zealand.

In Singapore and Hong Kong, expect contemporary city hotels with modern facilities. In Borneo, some accommodations may be more nature-focused, particularly in wildlife-rich areas. All hotels are regularly inspected to ensure they meet our standards and provide a comfortable stay.

GROUP SIZE PRE & POST CRUISE:

Most of our groups for pre and post cruise touring consist of 10 travellers or more and will be accompanied by a National Escorts in each country. There will usually be no more than 28 travellers in each group although you may encounter other Wendy Wu tour groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). National Escorts will accompany each group of 10 or more. However, at our discretion we may operate departures with a smaller group size and local guides, as we try to operate advertised departures wherever it is viable to do so.

INSURANCE:

It is a condition of booking with us that you take out suitable travel insurance. You must provide us with the name of your insurer, policy number and their 24-hour emergency contact number when you book with us or as soon as possible thereafter. These details will be available to your National Escorts should they be required. Wendy Wu Tours will not be liable for any costs incurred by you due to your failure to take out suitable travel insurance from the date of booking.

AIRPORT TRANSFERS:

As we offer our customers a variety of airlines to suit your needs, passengers will arrive/depart at various times during the day. Depending on the number of customers arriving/ departing on the same flight as yourself, the type of transfer to your hotel/ airport will vary.

You will always be met on arrival by English-speaking staff and transferred to your hotel either by:

- Direct shared bus (shared with other passengers, not just Wendy Wu Tours clients)
- Shared bus plus taxi from the nearest bus stop to the hotel (maximum 5-minute walk)
- Chartered coach (if there are more than 8 Wendy Wu Tours passengers arriving at the same time)

On the departure day, all passengers will be met by English-speaking staff at the hotel and transfer by one of the three ways above. For those passengers using a shared bus or shared bus plus taxi to the airport, the guide services end when they drop you off at the bus stop, and you will need to check in at the airport on your own. If you have paid extra for a private transfer, the above does not apply.

You will meet your National Escorts at the welcome dinner or, if arriving late, the following morning after breakfast at the welcome meeting.

Please ensure your Wendy Wu Tours luggage tag is visible on your suitcase/hand luggage, as this may also assist your guide in identifying you. If at any stage you are unable to locate your representative, please contact our ground operator on the number included in your final documents.

TRANSPORT:

Coaches: Air-conditioned coaches are used on our group tours for city sightseeing, short excursions, and longer transfers where required. Roads in Singapore, Malaysia (Borneo), and Hong Kong are generally well-maintained, but traffic congestion can be an issue, particularly during peak hours in major cities like Singapore and Hong Kong. In Borneo, roads in urban areas are paved, but more remote areas may have uneven or less-developed routes. It may not always be possible to return to your hotel after sightseeing before dinner, so some flexibility is advised. Timings for transfers and tours are approximate and may be affected by traffic or weather conditions.

Public Transport: Singapore has an extensive and efficient public transport system, including buses and the Mass Rapid Transit (MRT) network, which operates until late at night and is an excellent option for tourists. Hong Kong also boasts a world-class transport system, including the MTR (Mass Transit Railway), buses, trams, and ferries. The Octopus Card makes getting around easy and convenient. In Borneo, public transport options are more limited; while buses are available in cities like Kota Kinabalu, they are less frequent and may not always be the most efficient option for tourists.

Planes: Internal flights are based on economy class, using reputable airlines. Lithium-ion batteries, such as those used in laptops, mobile phones, and digital cameras, must be carried in hand luggage, not checked baggage. Portable chargers must display their capacity; those over 160wh are not allowed on flights.

Taxis: Taxis in Singapore and Hong Kong are widely available, metered, and can be booked via apps or found at designated stands. In Hong Kong, taxis are colour-coded based on their service areas (red for urban areas, green for the New Territories, and blue for Lantau Island). In Borneo, taxis are available in major towns, but they are less common than in Singapore or Hong Kong, and fares should be agreed upon in advance as meters are not always used. Ride-hailing apps such as Grab are widely used and often provide a more convenient and reliable alternative to taxis.

Boats: Boat travel is a key part of exploring Borneo's river systems. You will use motorized boats for wildlife-spotting cruises and speedboats for longer transfers, such as between Sandakan and your lodges. These boats are open-air to allow for the best views, with simple seating and life jackets provided.

CRUISE – NORWEGIAN JADE:

The Norwegian Jade is made up of 15 decks and offers a wide range of amenities, including, but not limited to; multiple dining venues, 2 swimming pools, hot tubs, and numerous lounges and bars.

Performances take place each night in the Stardust Theatre, ranging from comedy shows and live music to Broadway-style productions. Guests on the Norwegian Jade can also enjoy engaging activities such as trivia, dance classes, and fitness sessions, as well as culinary experiences like wine and cocktail tastings. Onboard spa facilities, including the Mandara Spa with a thermal suite and saunas, provide the perfect opportunity for relaxation.

We are excited to include NCL's More at Sea offer with this cruise and tour package, enhancing your onboard experience with exceptional perks. Find more information of package inclusions on page 4 of this document.

CRUISE ACCOMODATION AND CABINS

At the time of booking, subject to availability you may have the choice to book from an outside cabin or balcony cabin. Should you wish to upgrade to a suite or have a special request for cabin location, please speak to our reservations department who will be able to assist.

CRUISE EMBARKATION & DISEMBARKATION:

Embarkation time is when you should arrive at the cruise terminal. Departure time is when your ship sets sail.

We strongly recommend guests complete their Online Check-In at least four days prior to sailing. Guests who have completed their Online Check-In should arrive at the terminal no later than one hour prior to the scheduled embarkation time printed on your cruise documents.

Please note: guests who have not filled out their Online Check-In must arrive at the port two hours prior.

Boarding Time in Ports of Call: In all ports of call, it is also the guest's responsibility to be back onboard the ship no later than one hour prior to the ship's scheduled departure time. Please be aware that shipboard time may differ from the time in the port of call and it is the guest's responsibility to follow the shipboard time. In the event a guest misses the ship, it will be the guest's responsibility to pay all expenses incurred to rejoin the ship.

SHORE EXCURSIONS AND CRUISE INCLUSIONS:

When docked at each port you will have the opportunity to experience shore excursions. Norwegian Cruise Line offer a wide array of authentic shore excursions, making it a great way to explore more of each destination. Please note, not all shore excursions will include a guide and shore excursions may be cancelled due to inclement weather conditions or for any other reason at the discretion of Norwegian Cruise Line. Any shore excursions will be at your own expense and bookable on your cruise reservation. A couple of weeks after you have booked with Wendy Wu Tours you can request your cruise reference from your reservation consultant, and use this to book excursions on the cruise line website.

DEVELOPMENT

Borneo (Malaysia): While Borneo has well-developed infrastructure in major cities like Kota Kinabalu, some rural and remote areas still have limited facilities and modern conveniences. Accommodation, transport, and amenities in more remote regions may be more basic, particularly when exploring the rainforest or visiting local communities.

Singapore: Singapore is a highly developed, modern city-state with world-class infrastructure, advanced technology, and high safety standards. Visitors can expect excellent public transport, modern amenities, and a high level of cleanliness and efficiency throughout the city.

Hong Kong: Hong Kong is a developed and cosmopolitan city with a modern infrastructure, efficient public transportation, and high safety standards. Visitors can enjoy modern amenities, reliable services, and a vibrant urban experience. However, some traditional neighbourhoods and older buildings may offer a more authentic and less polished experience.

CULTURAL DIFFERENCE:

Southeast Asia is a region rich in history, customs, and traditions. While visitors are not expected to know every cultural practice, showing respect will enhance your experience. Your National Escort will provide further guidance on local etiquette to ensure a smooth and enjoyable journey.

In Singapore and Hong Kong, both highly developed cities, you will find a blend of Eastern and Western influences. Public behaviour is taken seriously in Singapore, where laws against littering, jaywalking, and chewing gum are strictly enforced.

In Borneo, indigenous cultures such as the Iban and Kadazan-Dusun have unique traditions, and visitors are encouraged to be respectful when engaging with local communities. If visiting a longhouse, it is customary to remove shoes before entering and to accept hospitality offerings as a sign of respect.

In Thailand, Vietnam, the Philippines, and Brunei, religious and cultural traditions are deeply respected. When visiting temples, mosques, or other religious sites, modest attire is required—covering shoulders and knees is expected. In Brunei, alcohol is prohibited, and visitors should be mindful of local customs regarding public behaviour and dress.

PUBLIC HOLIDAYS:

If you are traveling during the following public holidays, please be aware that celebrations may last for several days, and some businesses and services may be closed. Public transport and flights may also be affected, while major tourist attractions may be busier than usual.

Borneo (Malaysia):

- Hari Raya Puasa (Eid al-Fitr): 10th–11th March 2027 (dates vary annually)
- Good Friday: 26th March 2027 (observed in Sabah and Sarawak)

Singapore:

- Chinese New Year: 6th–7th February 2027 (dates vary annually)
- Good Friday: 26th March 2027 (annually)

Hong Kong:

- Lunar New Year: 6th–9th February 2027 (dates vary annually)
- Good Friday: 26th March 2027 (annually)

Please note that during these periods, some businesses may close, and public transportation schedules could be altered. Tourist attractions might also experience higher visitor numbers. It's advisable to plan your activities accordingly and check local schedules in advance.

WEATHER:

The regions visited on this tour experience tropical climates, with warm temperatures and high humidity throughout the year.

- **Kota Kinabalu & Borneo (Malaysia):** Expect temperatures between 24°C to 32°C, with high humidity and frequent rain showers, particularly in rainforest areas. Rain is common year-round but tends to fall in short, heavy bursts. Evenings may feel cooler in mountainous regions such as Kinabalu National Park.
- **Singapore:** Singapore has a tropical rainforest climate with consistent temperatures of 25°C to 32°C year-round. Humidity levels are high, and short, heavy rain showers are common, especially from November to January during the monsoon season.
- **Hong Kong:** Hong Kong has a subtropical climate, with mild winters (16°C to 20°C) and hot, humid summers (26°C to 33°C). If travelling during the cooler months (November to February), light layers may be needed for evenings. Rain showers are possible year-round but most common from May to September.
- **At sea on the Norwegian Jade:** While cruising, expect warm temperatures, refreshing ocean breezes, and occasional brief rain showers, particularly when sailing close to tropical regions. Conditions on board are generally comfortable, but it is advisable to pack light, breathable clothing and sun protection for days spent on deck or during port excursions.
- **Thailand, Vietnam, Philippines & Brunei:** Expect warm temperatures of 26°C to 34°C, with high humidity in coastal and lowland areas. Rainfall varies by season, with the wettest months typically between May and October, though tropical showers can occur at any time of year.

APPROPRIATE DRESS / WHAT TO PACK:

Appropriate clothing for this tour should be light, breathable, and suitable for the warm, humid conditions experienced in Borneo, Singapore, and across the cruise destinations. Lightweight cotton or moisture-wicking materials in light colours are ideal for staying cool and comfortable during outdoor activities. Long-sleeved shirts and trousers are recommended for protection from the sun and insects, especially in Borneo's rainforest regions or when visiting remote areas such as the Kinabatangan River. A lightweight waterproof jacket or poncho is advisable, as tropical rain showers are common throughout the region.

In Singapore, casual and comfortable attire is appropriate for city sightseeing, but modest clothing should be worn when visiting religious or cultural sites, ensuring shoulders and knees are covered. Similarly, in Brunei, conservative dress is expected in public places. For excursions in Borneo, practical outdoor wear such as walking shoes, hats, and insect repellent will enhance your comfort, particularly in wildlife areas or during nature walks.

Swimwear and light beachwear are ideal for enjoying the ship's pool facilities or visiting the pristine beaches in the Philippines or Thailand. However, when disembarking for excursions or exploring local towns, it is important to dress appropriately by covering up. Comfortable walking shoes or sturdy sandals are recommended for shore excursions, particularly in natural or uneven terrain such as national parks or jungle areas.

Onboard the Norwegian Jade, the dress code is casual and relaxed. During the day, light and comfortable clothing is suitable, with swimwear or resort wear appropriate for poolside activities. For dinner, smart-casual attire is recommended, with some speciality restaurants having a slightly more formal dress code that excludes swimwear, flip-flops, or overly casual clothing. Guests are welcome to dress up for certain themed evenings or formal nights, although this is entirely optional.

Sun protection is essential throughout the trip, so pack a wide-brimmed hat, sunscreen, and sunglasses. A small backpack for day trips, along with a refillable water bottle, will also be useful during excursions. Don't forget your camera or smartphone to capture the incredible wildlife and scenery in Borneo, the vibrant cityscapes of Singapore and Hong Kong, and the stunning coastal views in the Philippines, Brunei, and Thailand. Chargers and spare memory cards are advisable to ensure you don't miss a moment. A small medical kit with basic first aid supplies and personal medications is also recommended for added peace of mind.

By packing light, versatile, and practical clothing, you'll be well-prepared to enjoy the diverse landscapes, cultures, and climates experienced throughout your journey.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of 5kg. It is essential that your luggage is lockable.

On your cruise: While luggage allowance on your cruise may permit further capacity, we ask you to adhere to the above restrictions due to airline and touring allowances. Suitcases should be tagged, luggage tags can be downloaded and printed from your eDocs. For your convenience, we recommend that your luggage tags be placed on your bags prior to arrival at the port.

It may take a few hours after embarkation for your luggage to be delivered to your stateroom. Likewise, suitcases are collected on the last night of your cruise. To avoid any complications, be sure to bring a small bag such as a backpack for carrying any necessary medication, valuables, important documents and need-to-have items.

PORTERAGE:

Please be aware that portering is not included on our tours in pre & post cruise. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

Portering is included onboard the Norwegian Sun Cruise Ship. When embarking, your luggage will be delivered to your room from the check-in area at the port. When disembarking you will leave your luggage outside your cabin door on the last night of your cruise. Staff will then be able to make arrangements for your luggage, ready for disembarkation early next morning. Please also note, it is customary to tip for the portering service, and this is not included in your tour cost.

TIPPING / GRATUITIES

Tipping is customary in many parts of the world, and Singapore, Hong Kong, and Borneo are no exception.

As it is not always clear who it is appropriate to tip and how much, Wendy Wu Tours land touring operates a tipping policy where a stated amount is given to your national escort at the beginning of your tour and tips are disbursed to local guides and drivers throughout your tour. The amount is designed to be at a reasonable level for travellers while being fair to the local people and includes a gratuity for the national escort. If you are travelling in a smaller group with local guides only, then tipping is paid in each destination. To be fair to the guides we ask for slightly higher amounts per traveller with small groups.

We generally find that most customers appreciate the convenience of our tipping policy but we do recognise that it may not suit everyone. However, as this is a group tour we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour.

On the cruise

Onboard gratuities are included in your tour cost. Additional tips for exceptional service or services you choose to partake in, are at your discretion.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs, so we include some stops at museums or exhibitions which demonstrate a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone, so we aim to take you to places, which hold local interest. We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

OPTIONAL ACTIVITIES PRE AND POST CRUISE:

Our fully-inclusive Classic tours feature full days of sightseeing to ensure you experience all the must-see sights and unforgettable moments. Occasionally, when time allows, we offer optional extras such as evening shows for those seeking extra excitement. These excursions will be advised and payable in country with your guide.

TERRAIN CONSIDERATIONS (STEPS, SLOPES & UNEVEN SURFACES):

Many of the destinations visited on this tour involve walking on uneven surfaces, navigating slopes, and climbing steps. In natural areas such as Borneo's rainforests, walking trails may be unpaved, uneven, or become slippery when wet. Visits to attractions like Kinabalu National Park, the Kinabatangan River, and wildlife sanctuaries may also require walking on forest trails, boardwalks, or stepping onto boats, which can involve some physical exertion. Sturdy, comfortable footwear with good grip is essential.

In cities such as Singapore and Hong Kong, sightseeing tours may involve extended periods of walking on city streets, which can sometimes be uneven or include steps and inclines, particularly when visiting cultural landmarks or elevated viewpoints.

During the cruise, embarking and disembarking at ports or during shore excursions may involve navigating steps, ramps, or boarding smaller boats. While crew members will assist where possible, passengers should be comfortable with boarding and disembarking independently. Shore excursions may include walking on uneven or unpaved terrain, depending on the port of call.

Travellers with limited mobility, balance issues, or difficulty climbing stairs should carefully consider the physical demands of this itinerary to ensure a comfortable and enjoyable experience.

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact either your doctor or local Health Centre for advice on vaccinations and travel health. Safe Travel has a comprehensive website that you may also find useful www.safetravel.govt.nz.

BEFORE YOU LEAVE:

We strongly recommend registering your travel plans with www.safetravel.govt.nz as in the event of an emergency, New Zealand Consular assistance will be more readily available.

Up until the day you travel, it is vital you keep up to date and familiarised with the entry requirements as these can change at short notice. You are personally responsible for completing any entry forms, conducting any covid tests (if necessary), etc and adhering to countries' specific entry requirements.

You can also access the New Zealand Government's travel advisory service for up-to-date information about your destination on the same website.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive an email with your confirmation invoice, along with a link to our website where you can find your visa information (if applicable) and other important information. Your final documentation pack will be sent to you approximately 2 weeks prior to departure.
