EATING IN SRI LANKA:

Sri Lanka is home to a melting pot of cuisine. Throughout years of colonisation and influence from other countries and a history of spice trading, Sri Lanka has cultivated its own distinct flavour.

Dishes served in restaurants are varied. Some will be vegetable-based and some meat-based. Many restaurants are aware of the western palate – there are plenty of non-spiced options. Meals as outlined in the itinerary are included (excluding drinks) are included in this tour, and there are plenty of options for you to choose from when it comes to other meals that are not included.

We recommend that when it comes to Sri Lanka, you stay open-minded and try to be adventurous!

**PLEASE INFORM US OF ANY ALLERGIES AND/OR SPECIAL DIETARY REQUIREMENTS
AT TIME OF BOOKING**

DEVELOPMENT IN SRI LANKA:

Although Sri Lanka is developing quickly, it still lacks the international standards of civil infrastructure and tourist facilities.

Concepts of personal responsibility are also different to those in New Zealand. Consequently, tourist and public facilities may not uphold the same safety standards as in New Zealand; for example, you may see a hole in the road without a warning sign or safety barricade. All our suppliers meet local safety standards as a minimum. We want you to have an enjoyable holiday, so we ask that you take extra care, use your common sense, refer to notices and follow advice from your guide.

ACCOMMODATION:

Your accommodation has been selected for convenience of location, comfort, or character, and can range from a restored colonial house in one city to a boutique hotel in a smaller town, or an eco-lodge in national parks. Hotels are generally rated as local four to five-star standard but do please note that there is no international classification system for hotels and differences in facilities and quality do exist between New Zealand and Sri Lanka. Rest assured that all hotels used by Wendy Wu Tours are regularly inspected by our staff and our partners to ensure that standards are met.

All hotels have private western bathroom facilities, air conditioning, swimming pool, restaurant, and a telephone. Plumbing and electricity supplies can be erratic and quite often the power in hotel rooms is turned off while guests are out of the room. If you experience any difficulty, please speak to your National Escort or Local Guide.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs, so we include some stops at museums or exhibitions that demonstrates a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone, so we aim to take you to places that hold local interest. We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

TIPPING POLICY:

Tipping while on holiday is common in most parts of the world with Sri Lanka being no exception. Please see our tipping guide lines below:

Restaurants and Cafes: In restaurants and cafes, a service charge is often included in the bill, ranging from 5% to 10%. However, if the service charge is not included, leaving a tip of around 5% to 10% of the total bill is customary. If you receive exceptional service, consider leaving a higher tip.

Hotels and Resorts: Tipping is common in hotels and resorts, especially for hotel staff who provide direct services. It is customary to tip hotel staff who assist with carrying luggage, room cleaning, and other personal services. A tip of around 50 to 100 Sri Lankan rupees per bag is common for porters.

Tour Guides and Drivers: When taking guided tours or using the services of drivers, it is common to tip them as a show of appreciation for their services.

For tour guides, a tip of around 500 to 1000 Sri Lankan Rupees per day per person is standard practice. A tip of around 500 to 1000 Sri Lankan rupees per day is typical for drivers.

Spa and Wellness Services: If you receive spa or wellness services, the therapists or attendants appreciate tipping around 10% to 15% of the service cost.

Miscellaneous Services: Tipping is also customary for other services, such as in local markets or when receiving assistance from locals. A small tip of a few Sri Lankan rupees or rounding up the bill can be a polite gesture of appreciation. It's essential to consider the level of service provided and the local customs when determining the appropriate tip amount. Tipping in a foreign currency is not customary. Using the local currency (Sri Lankan Rupees) for tipping is best. Remember that while tipping is appreciated, it should not be a financial burden and is entirely at your discretion.

TRANSPORT:

Vehicles: Vehicles with air conditioning are used for city sightseeing, short excursions to the countryside and longer transfers where necessary. Road conditions in Sri Lanka have improved over recent years, but traffic and/or weather conditions may extend driving times. Road construction work usually covers an enormous section of the road - not just one or two kilometres as you may be used to. For this reason, the timings listed in the sections above are approximations only.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20 kg and one piece of hand luggage with a maximum weight of five kilograms. It is essential that your luggage is lockable. Please note that authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

APPROPRIATE DRESS:

When visiting temples or mosques, both men and women should dress in conservative, non-revealing clothing. Full-length trousers with a shirt or t-shirt for men; and pants or skirts well below the knee with a top that covers the shoulders and upper arms for women. Women might also consider carrying a 'modesty shawl' in their daypack – this could be a sarong or light scarf – which they can wear over their shoulders and heads to feel more comfortable while sightseeing at mosques. When visiting Jain temples, you must not wear or take in any leather items such as belts, watches, camera straps, purses and shoes.

Religious sites and homes throughout Sri Lanka require all visitors to remove their shoes to enter. Even if you then need to walk outdoors, over hot, or rough ground, you will not be allowed to wear shoes. You will often find shoe storage rooms near a site's entrance where it is customary to leave your shoes near the threshold. Occasionally there are 'shoe minders' who will offer to keep your shoes safe for a 'tip' – this is not compulsory; you can choose to tip for this service or not. If you do not want to remove your shoes, you will have to remain outside.

We recommend shoes that easily slip on and off and carry a pair of thick, old socks in your daypack, which you can wear to protect your feet from any rough or hot surfaces.

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact either your Doctor or Health centre for advice on vaccinations and travel health. Safetravel has a comprehensive website that you may also find useful www.safetravel.govt.nz

BEFORE YOU LEAVE:

We strongly recommend registering your travel plans with www.safetravel.govt.nz as in the event of an emergency, New Zealand Consular assistance will be more readily available.

Up until the day you travel, it is vital you keep up to date and familiarised with the entry requirements as these can change at short notice. You are personally responsible for completing any entry forms, conducting any covid tests (if necessary), etc and adhering to countries' specific entry requirements.

You can also access the New Zealand Government's travel advisory service for up-to-date information about your destination on the same website.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice including a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.
