**Destination Information**

Shanghai – Once known as the ‘Paris of the East’, Shanghai is now one of Asia’s most influential cities. Prior to communist arrival in 1949, Shanghai was a city with European-style mansions and was the most important trading port in Asia. Today it presents a blend of cultures; the modern and the traditional, along with the occidental and oriental. Modern skyscrapers intermingle with 1920s ‘shikumen’ buildings. This combination is what attracts millions of visitors each year.

Day 2: Shanghai

Meals: B, L

Today’s explorations include the peaceful Yu Garden, the atmospheric alleys of the old town and Xintiandi with its 1920’s style shikumen buildings. Admire the magnificent colonial architecture with a stroll along the Bund and visit a fascinating silk factory. Sightseeing today involves a full day of touring around the centre of the city, including 3-4 hours on foot. In the evening, view the city from the Huangpu River on a panoramic river cruise.

**Destination Information**

Old Town and Yu Gardens – The old town of Shanghai, where cobbled streets are lined with traditional shops selling herbal medicines, handicrafts, Chinese tea and a variety of tantalising snacks, is the original centre of Shanghai and for decades was the seat of Chinese authority in Shanghai. The Yu Gardens is seen as one of the most perfect examples of Chinese garden style. Built by the Ming-era governor, Pan Yunduan, as a retirement gift for his father, the Yu Gardens is home to exquisite jade rock, goldfish-filled ponds and stunning, tranquil pavilions.

The Bund – Recognised as Shanghai's former 'Wall Street', the Bund is home to an impressive collection of buildings from the early trade houses of the 1850s to the glamorous Art Deco modernism of the 1920s. Originally the home of the foreign population of Shanghai, the Bund’s architecture has inherited much western influence and is a stark contrast to the Pudong skyline, sitting across the Huangpu River.

Xintiandi – An affluent area, Xintiandi is a newly redeveloped district in the centre of Shanghai, home to boutique shopping and luxurious dining. The buildings here are designed and redeveloped from traditional style of Shanghai housing from the early 20th century, called Shikumen.

Silk Factory – The Silk Factory is an educational journey through the production of silk, one of China's most famous and luxurious materials. Learn about the use of silkworms and silk moths in its production; the manufacturing process; as well as silk's journey along the Silk Road which brought this product across Asia and Europe.

Huangpu River Cruise – There is no better way to see the juxtaposition of eras in Shanghai's history than by taking a cruise on the Huangpu River. At night, the dazzling colours and lights from Pudong shine bright onto the more modest twilight of the Bund.

Day 3: Shanghai – Yangtze River Cruise

Meals: B, L

Visit the financial district of Pudong, before transferring to the airport for a 2-hour flight to Yichang. You will then transfer to the docks, located near the Three Gorges Dam to board the ship and check in to your cabin for the next 4 nights.

Whilst we aim to ensure passengers are transferred direct to Yichang, flights in this region are subject to change/cancellation and we may need to adjust transportation last minute. It may be necessary to depart your hotel in the early morning or to fly to Wuhan and transfer 6 hours by road.

The Yangtze River cruise section of your itinerary will not be confirmed by the cruise operators until after you commence your tour as it is subject to local river conditions and water levels. Your local guide will do their utmost to keep you informed of any changes but cannot guarantee against delays or – in rare cases – cancellations of sections of your itinerary. Shore excursions are subject to change depending on local conditions. A detailed itinerary will be handed out on the vessel each day.

If you do not wish to take part in a shore excursion but you still wish to disembark the cruise ship, there is a mandatory port tax which must be paid by each customer. The port tax amount is approx. USD20-USD30 per person; however, this amount can vary and for security reasons, it is not always possible to disembark at all ports of call. Please be aware that there are several steps involved in embarking and disembarking your Yangtze River Cruise Ship, particularly during low tide. If you think this may be an issue, please inform us in advance.

There are amenities package, deck and cabin upgrades available to pre-book – please enquire with our Reservations team.

Destination Information

Pudong – Originally an underdeveloped farming area, Pudong underwent mass-expansion in the early 1990s to become the top financial hub in China. Characterised by its forest of skyscrapers, Pudong is now a world economic zone with one of the most recognisable skylines in the world.

Yangtze River – One of the world's great and legendary waterways, this 6,300km river has its origins high up in the snow-covered mountain of Tanggula, in the southwestern Qinghai Tibet Plateau, and runs into the ocean in Shanghai. It is estimated that the banks of this river are home to almost a third of China's population.

Day 4: Yangtze River Cruise

Meals: B, L, D

Visit the Three Gorges Dam, the largest hydroelectric dam in the world. Disembark the ship and drive around 30 minutes (the coach is not permitted to stop for photos) to the viewing area above the ship locks where you will be able to truly appreciate the scale of this hydroelectric project. There is also a small museum here and a lookout point. The sightseeing will involve around 1 hour on foot. Return to the ship and sail through Xiling Gorge, the longest and deepest of the three gorges.

Destination Information

Three Gorges Dam – Commenced in 1994 and completed in 2009, the Three Gorges Dam is the largest water conservancy project ever undertaken. The Dam is located near Sandouping, which is in the middle of the Xiling Gorge, the longest of the Three Gorges. The Three Gorges Dam is 2,335m long, 185m high, 18m wide on the top and 130m wide at the bottom. The dam has raised the river to a level of 175m above sea level, creating a 600km long reservoir. The building of this huge dam was for the purpose of flood control, electricity, navigation, and irrigation.

Day 5: Yangtze River Cruise

Meals: B, L, D

Transfer to smaller vessels for a relaxing 1.5-hour excursion through the Shennong Stream gorges, which are narrower than the Three Gorges, but very impressive. There is no walking involved on this shore excursion; however, you will need to get on and off the boat without assistance. Later, as the cruise ship continues upstream, prepare for breathtaking vistas as you pass through Wu and Qutang gorges. Wu gorge is known for its quiet beauty, forest-covered mountains, and sheer cliffs, while Qutang Gorge is the shortest, narrowest, and most dramatic gorge.

Depending on local river conditions, you may travel along the gorges of Goddess Stream instead of Shennong Stream. The tranquil Goddess Stream flows from the Southern bank of the Yangtze, opposite Goddess Peak, and is home to many protected species of animals. Cruise through the stream's narrow gorges on a smaller vessel and enjoy the beauty of your surrounds.

Destination Information

Shennong Stream – Shennong Stream flows from north to south through stunning deep gorges finally merging with the Yangtze to the east of the mouth of Wu Gorge. The landscape on both banks of this crystal-clear stream is unique and tranquil.

Day 6: Yangtze River Cruise

Meals: B, L, D

Continue cruising along the mighty Yangtze River. Relax onboard or disembark to explore the Xiaoguanshan Folk Culture Park, a reconstructed park featuring ancestral homes, the historic Tianfo Temple, and Huichuan Gate, all rescued from the submerged areas of the Three Gorges Dam.

Sightseeing is leisurely on foot, taking approximately 1-2 hours.

Depending on local river conditions and the cruise program, you may visit Mt. Shuanggui or Fengdu Ghost City instead.

Destination Information

Xiaoguanshan Folk Culture Park – Spanning 2,001 square meters, the park features the historic homes of the Qin, Zhou, Wang, and Lu families, as well as the ancient Tianfo Temple and Huichuan Gate, all originally located in the Three Gorges Dam's submerged areas of Gaojia and Mingshan towns. These valuable structures were painstakingly dismantled, with each piece meticulously numbered, and then transported to Xiaoguanshan. Over the course of five years, from 2002 to 2007, they were carefully reconstructed to preserve their historical integrity.

Day 7: Yangtze River Cruise – Chengdu

Meals: B, D

Check out of your cabin this morning and disembark in Chongqing. Take a tour around Ciqikou, a centre of cobbled streets and porcelain wares. Next, board the bullet train to Chengdu.

Chengdu – China’s symbolic western capital and the residence of the country’s most lovable black and white bear, Chengdu has an abundance to offer. With a fast-paced economy that is dragging China’s west into the 21st century, it is no wonder that Chengdu’s appeal is growing year on year. As the gateway into Sichuan Province’s large collection of sights, as well as Chengdu being its own trove of historical and cultural treasures, Chengdu is a definite, a necessity, a must-visit on any trip to China.

Day 8: Chengdu – Xian

Meals: B, L

Today you will see China’s most famous resident, the giant panda. Visit the Panda Conservation Centre where you can learn about China’s celebrated bear. See these lovable creatures in surroundings that mirror their natural habitat. It is not guaranteed that you will be able to see the feeding of the younger pandas, as this only happens at the start and end of each day. Later, board the bullet train to Xian, a journey of 3-4 hours.

Destination Information

Panda Conservation Centre – With over 80 pandas, the Chengdu Panda Research Base is equipped with the latest technology and research materials to gain a further understanding in how we can protect the panda and maintain, if not increase, its numbers. The park is set up to resemble the mountain and forest regions in north Sichuan, the original home of the Giant Panda, with extensive bamboo trees and large green spaces. Red Pandas, the Giant Panda’s lovable cousin, and flamboyant peacocks too roam the park, making for an interesting mix.

Xian – Xian has long played a pivotal role in China’s extensive history and has been a thriving hub for cultural exchange, economic trade as well as national politics for centuries. Home to some of China’s most ancient sights, diverse architecture and delicious fare, Xian is a must-see destination.

Day 9: Xian

Meals: B, L, D

Spend the morning viewing the enigmatic ranks of the life-sized Terracotta Warriors. The Museum of the Terracotta Warriors and Horses is located approximately a 1-hour drive outside of Xian. From the bus park to the museum entrance is a 15-minute walk. There are electric carts offered by private vendors which can be organised at your own cost. Within the museum area the warriors can be seen in three different 'pits', which are active archaeological digs.

The site is large and will take about 2 and a half hours to explore. After this, visit the Xian Art Ceramics and Lacquer Exhibition Workshop to see smaller models of the warriors being made.

Later, stroll on the beautifully preserved 14th century city walls that enclose Xian's old town. The local guide will give you time to explore the ancient city walls at your own pace. This evening, dine on delicious Shui Jiao dumplings and watch a performance of Tang Dynasty dancing.

The ancient monuments, the stories of days gone by as well as the dynamic and modern city Beijing has become today, make it a destination not to be missed.

Day 11: Beijing

Meals: B, L

Walk through Tiananmen Square and into the magnificent Forbidden City. Sightseeing here will involve approximately 3-4 hours on foot. Later, soak up the harmonious ambience of the Temple of Heaven for about 1 hour. Tonight, watch a thrilling Chinese acrobatic show.

The Forbidden City is closed on Mondays. If this day of touring falls on a Monday, your touring in Beijing will be switched around so that the Forbidden City is visited on an alternative day.

CHINA TRAVEL INFORMATION

VISAS:

China Visas are not required for New Zealand and Australia passport holders for stays 30 days and under. For longer periods in China and/or other passport holders a visa will be required.

Please note: If a visa is required the China Visa cost is not included in our Private Tours pricing. Please contact our reservations team if you would like the Wendy Wu Tours Visa Department to assist you with the process of obtaining a visa. Full details will be advised by Wendy Wu Tours Visa Department.

Please be advised that your passport must have at least six months validity left on it when you arrive back into New Zealand.

Please note: the visa procedures and requirements may change at any time. These changes are often made by the relevant embassy or consulate; Wendy Wu Tours acts as a third party and has no influence on the process of a visa. Your travel consultant will inform you if any changes are applicable prior to your departure.

INSURANCE:

We strongly recommend that you take out a policy as soon as you pay your deposit. Wendy Wu Tours cannot in any way be made liable for any additional cost incurred by the customer on any tour due to the customer not having adequate travel insurance. We also encourage all customers to take a copy of their travel insurance documents (especially relevant international contact numbers) with them while on tour. We advise that you check the inclusions and procedures for lodging claims prior to your departure. These documents should be stored separately from the original.

ACCOMMODATION:

Hotels are generally rated as four-star standard if a 'Superior' option is selected and five-star standard if a 'Deluxe' option is selected, but please note that there is no international classification system for hotels and differences in facilities and quality do exist between New Zealand and China. All hotels have private western bathroom facilities, air conditioning, TV and telephone. Hotel check-in is generally from 2pm and check-out is by 10am. Due to environmental regulations, not all hotels in China provide toiletries in the rooms. Plumbing and electricity supplies can be erratic and quite often the power in hotel rooms is turned off while guests are out of the room. If you experience any difficulty, please speak to your Local Guide. Rest assured that all hotels used by Wendy Wu Tours are regularly inspected by our staff and our partners to ensure that standards meet your needs.

EATING IN CHINA:

Chinese cuisine is one of the most influential, diverse and flavoursome culinary styles in the world with a legacy stretching back thousands of years. Often, you'll find that the local Chinese style is very different from what you're used to at home.

Our schedule of meals is designed so that you can experience the local dishes, their individual flavours as well as the different ways they are prepared and cooked throughout China. Dishes served in restaurants on our tours are varied. Some will be vegetable-based with meat mixed in, and a few will be meat-based. Traditionally, Chinese people cook with a lot of vegetables because meat used to be hard to come by.

Dishes often come pre-seasoned with soy sauce or other sauces. Our restaurants are well aware of the western palate – there are plenty of non-spiced options. Most meals are served with plain rice on the side which is intended as an accompaniment to your meal. Unlike the western world, Chinese people do not normally pre-heat their plates and food can be presented at a variety of temperatures, which is a typical Chinese way of doing things.

Your Local Guide will do their utmost to cater for any special requests such as gluten free or vegetarian meals, however, people on restricted diets should expect complications. Although most Asian countries are now quite developed, only quite recently have they started to widely accept Western guests. Western food requirements are quite far removed from Asian food requirements, and even medical reasons can be quite difficult to explain. While our ground partners will do everything they can to cater for a wide range of dietary requirements on tour, we ask kindly for your patience and understanding that they cannot always be delivered to the standard you will be used to at home. It is recommended that passengers with food intolerances bring snacks or additional food items with them, especially when travelling further from major cities as not all dietary requests will be met due to the limited foods available. Please read your travel guide which you will receive with your final documents for more information about eating in China. We recommend that when it comes to Chinese food, you stay open minded, try to be adventurous and always have a go with the chopsticks!

PLEASE INFORM US OF ANY ALLERGIES AND/OR SPECIAL DIETARY REQUIREMENTS AT TIME OF BOOKING.

TRANSPORT:

Trains: On this tour, you will take a high-speed "bullet" train journey. You will travel in first-class soft seats with air conditioning. For train journeys you must ensure that you pack liquids, aerosols, and gels/lotions in your hand luggage as per recent regulations. Passengers are not allowed to carry any aerosols over 100ml. Passengers are also not allowed to carry flammable gases or liquids including styling gel, compressed air or insecticides; any explosives, magnetised material, knives (including Swiss Army knives), scissors or sharp items (medication is fine). Bag checks are conducted randomly and any of these items may be confiscated before boarding the train (in hand luggage or main luggage). The National Escort will inform you of specific details prior to boarding.

High-Speed Train Facilities: The first-class seats are in a 2 x 2 seating configuration. Each carriage has a western style toilet. Most seats will have a foldable tray table and power socket for charging your electronic devices. There are dining carts on board if you wish to purchase your own additional food.

Cars: Private cars with air conditioning are used on our private tours for city sightseeing, short excursions to the countryside and longer transfers where necessary.

The size of the vehicle will vary between cities and dependant on the number of travellers. All vehicles have space for one suitcase and one hand luggage per person. Roads in China have generally improved over recent years, but traffic and/or weather conditions may extend driving times. Road construction work usually covers an enormous section of road – not just 1-2 kilometres as you may be used to. For this reason, the timings listed in the itinerary are approximations only. There may be sections of road where the surface is bumpy, but our drivers will do their utmost to lessen the impact.

Planes: Internal flight/s are based on economy class, with reputable airlines. Lithium-Ion batteries, usually used in laptops, cell phones and digital cameras, must be carried in your hand luggage (not in your checked luggage). Portable chargers with a case that does not state the capacity or with a capacity of 160wh and more are not allowed on internal flights at all.

Cruise Vessels: Included is a cruise on the Yangtze River. Your cabin will have a private bathroom and balcony. Due to tightened security process for luggage upon cruise disembarkation in Yichang, the Transport Authority has imposed a fee of RMB25 per main luggage item. Wendy Wu tours will cover the cost of one main luggage item per person. If you have additional items (excluding hand luggage) you will need to cover the cost yourself locally – RMB25 per item.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs; so, in each city, we will visit a workshop or factory which demonstrates a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone so we aim to take you to places which hold local interest; for example, in Shanghai you will be able to see how silk is created all the way from the silk worm to beautiful garments; and in Xian we will take you to a workshop which creates replicas of the Terracotta Warriors, from tiny little warriors to seven foot behemoths! We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of 5kg due to the included domestic flight. It is essential that your luggage is lockable. In general, we recommend packing only as much as you can lift as you will need to carry your own luggage on and off the train. Please note that authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

PORTERAGE:

Please be aware that porterage is not included on our tours in China. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

TIPPING:

Tipping while on holiday is common in most parts of the world and China is no exception. For Private Tours, tipping is at your own discretion, and we recommend the following amounts paid in the equivalent local currency.

- Tour Guide: US\$8-10 per person, per day
- Drivers: US\$3-5 per person, per day
- Hotel Maid & Porterage: US\$1-2 per use
- Restaurants (with no added service charge to the bill): 10-15% per meal

DEVELOPMENT IN CHINA:

Though parts of China match the west in modernity and technological advances, it is important to remember that parts of China are still developing and as such, many aspects of tourism in China do not have the solid infrastructure and safety standards as seen here in the west.

EXCHANGING CASH:

It is highly recommended that extra care and attention is paid when exchanging money when travelling to cities outside of Beijing and Shanghai. US Dollars are easily exchanged throughout China and other currencies can generally be exchanged in hotels and airports provided notes are new and undamaged. We suggest exchanging your money before travelling to remote areas and smaller towns, as exchange facilities can be limited.

VACCINATIONS AND YOUR HEALTH:

Wendy Wu does not give specific health advice, but we do recommend you see your doctor at least six weeks prior to travel for advice and to allow time for any necessary vaccinations. Please remember to take your itinerary with you. Safe travel has a comprehensive website that you may also find useful www.safetravel.govt.nz

BEFORE YOU LEAVE:

We strongly recommend registering your travel plans with www.safetravel.govt.nz as in the event of an emergency, New Zealand Consular assistance will be more readily available.

Up until the day you travel, it is vital you keep up to date and familiarised with the entry requirements as these can change at short notice. You are personally responsible for completing any entry forms, conducting any covid tests (if necessary), etc and adhering to countries' specific entry requirements.

You can also access the New Zealand Government's travel advisory service for up-to-date information about your destination on the same website.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice including a visa application form (if applicable), and a help sheet. Please note that it can take 2-7 business days to confirm a Private Tour. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.
