These tours take you away from the comforts of home whilst rewarding you with experiences of a lifetime. You will be accompanied by our dedicated and professional National Escorts and local guides, whose unparalleled knowledge will turn your holiday into an unforgettable experience.

PHYSICAL LEVEL 3:

Our tours come with a physical rating to guide you in selecting a holiday that suits your comfort level. Joining any of our tours involves independent mobility and the ability to stay active throughout the day, which is essential for fully enjoying the unique charm of each destination.

‘Tibetan Wonders’ is rated as a **physical level 3** tour. A good level of fitness is required as you need to be comfortable walking for 3-4 hours and covering longer distances. As a whole, This itinerary requires a high level of fitness due to long travel days, travelling to high altitudes, and travelling to remote areas where tourist facilities are less developed.

This tour has been carefully designed to minimise the effects of Altitude Sickness from day 6 to day 16 whilst in Lijiang, Zhongdian, Lhasa, Shigatse, and Gyantse, **reaching a maximum altitude of 4,800m** when travelling through the Gampala Pass. Please be prepared for mild symptoms of Altitude Mountain Sickness (AMS) which include dizziness, fatigue, nausea, loss of appetite, breathlessness, headache and disturbed sleep. These usually develop over the first 36 hours at altitude and not immediately on arrival. AMS symptoms are experienced by people of varying ages and levels of fitness, and usually the symptoms will subside after a day or so. If symptoms worsen, you should seek medical advice and descend in altitude immediately. The following precautions may help to prevent or lessen the effects of AMS:

- Since fluid loss usually accompanies the acclimatisation process, drink plenty of fluids (3 – 4 litres daily at least) and eat carbohydrate food to keep the body properly hydrated
- Do not overexert and only partake in light activity immediately after your arrival
- Do not smoke, drink alcohol or take other depressants such as tranquilisers and sleeping pills, as these depress the respiratory drive and reduce oxygen intake
- Assume any sickness at high altitude is AMS until proven otherwise
- Never ascend to higher altitudes while showing symptoms of AMS
- You must report any symptoms of AMS immediately to your National Guide

Our National Escorts provide a high level of service and support throughout your journey. However, their primary role is to manage the daily aspects of the tour. They are unable to offer extensive personal physical assistance. We kindly ask our travellers to be prepared for the physical aspects of the tour to ensure a comfortable and enjoyable experience for everyone.

JOINING YOUR TOUR:

The tour is 20 days in duration including international flights or 18 days in duration based on 'Land Only'. Join the tour on Day 2 in Kunming and end the tour on Day 19 in Chengdu.

CHINA AND TIBET - TRAVEL INFORMATION

VISAS & PERMITS:

China - Visas are not required for New Zealand and Australia passport holders for stays 30 days and under. For longer periods in China and/or other passport holders a visa will be required. Full details will be advised by Wendy Wu Tours upon booking.

Please be advised that your passport must have at least six months validity left on it when you arrive back in New Zealand.

Tibet - An entry permit is required for travel to Tibet and is included for all passengers. Changes can occur to the Chinese Government policies regarding the issue of these permits, sometimes at short notice. Wendy Wu Tours will keep all customers up to date with any changes regarding the issuing of Tibet permits that may affect our ability to operate this tour as per the original itinerary. In all cases, alternative arrangements are offered. There is no consular representation in New Zealand. Therefore, Wendy Wu Tours will forward information to our office in China to process, and the permit will be provided to you locally.

Please note the visa procedures and requirements may change at any time. These changes are often made by the relevant embassy or consulate; Wendy Wu Tours acts as a third party and has no influence on the process of a visa. Your travel consultant will inform you if any changes are applicable prior to your departure.

INSURANCE:

We strongly recommend that you take out a policy as soon as you pay your deposit. Wendy Wu Tours cannot in any way be made liable for any additional cost incurred by the customer on any tour due to the customer not having adequate travel insurance.

We also encourage all customers to take a copy of their travel insurance documents (especially relevant international contact numbers) with them while on tour. We advise that you check the inclusions and procedures for lodging claims prior to your departure. These documents should be stored separately from the original

GROUP SIZE:

Most of our groups consist of 10 travellers or more and will be accompanied by both a National Escort and local guides. On Go Beyond tours, there will be no more than 18 travellers in each group although you may encounter other Wendy Wu our groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 10 travellers booked (unless cancelled due to factors beyond our control). However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so. For groups with fewer than 10 travellers, departures will operate with local guides only.

EATING IN CHINA:

Chinese cuisine is one of the world's most diverse and flavourful, with a rich history spanning thousands of years. The local dishes you'll experience on tour may differ from what you're used to at home, offering an authentic taste of China's regional flavours and cooking styles.

Most meals (excluding drinks) are included in this tour, starting from the dinner on the arrival day until the breakfast on the day of departure. Our schedule of meals is designed so that you can experience the local dishes, their individual flavours, as well as different ways they are prepared and cooked throughout China – from the bold, spicy cuisine of Sichuan to the savoury flavours of Shanghainese cooking, as well as the hearty noodles and dumplings of the north and even the fresh seafood of the south.

Breakfasts are buffet-style at your hotel with both Western and Chinese options available, although rural parts of China may offer limited options. Lunches and dinners on our tours are varied, with a mix of vegetable-based and meat-based dishes. Many are pre-seasoned with soy sauce or other traditional flavours, though our selected restaurants offer plenty of mild options. Dishes may be served at different temperatures, as is customary in China.

Dining mostly follows the traditional 'family style' approach, with dishes placed on a lazy Susan for everyone to share. Serving chopsticks are provided for each dish, and individual bowls, chopsticks, and cups are set for personal use. Most restaurants can provide a fork or spoon if needed. This communal style of dining is an integral part of Chinese culture and a fun, social experience that will also help you to bond with your fellow passengers.

If you have allergies or dietary requests, you must inform us prior to departure. Western food requirements differ from those in Asia, and even medical dietary needs can be challenging to accommodate. Whilst your National Escort will do their best to provide a variety of options, we kindly ask for your patience and understanding, as dietary requests may not always be met to the standard you are accustomed to at home. Passengers with food intolerances are advised to bring snacks or additional food items, especially when traveling beyond major cities, where options may be more limited. Kosher and Halal food are extremely limited in China, and we regret that we are unable to cater to these dietary requirements.

DEVELOPMENT IN CHINA:

Though parts of China match the west in modernity and technological advances, it is important to remember that China is still a developing country and as such, many aspects of tourism in China do not have the solid infrastructure and safety standards as seen here in the west.

In rural Tibet outside of your hotels, there are few Western style toilets available.

PUBLIC HOLIDAYS:

If you are traveling during a Chinese public holiday, please note that while tourist attractions remain open, they may be crowded with domestic visitors. Festivities often span several days, during which some businesses may close, and coach, air, and train services could be impacted. The major Golden Week holidays occur annually around 1 to 5 May and 1 to 7 October.

TRANSPORT:

Trains: When traveling by high-speed 'bullet' train, you will be seated in second-class soft seats with air conditioning. Facilities may vary depending on the train. Most carriages feature a Western-style toilet, and most seats are equipped with a foldable tray table and a power socket for charging electronic devices. Luggage is stored at the end of the carriage or overhead. Dining carts are available on board if you wish to purchase additional food.

For daily products containing flammable ingredients, such as perfumes, colognes, sprays, and gels, non-self-spray pressure containers should not exceed 100 millilitres per item, with only one container allowed per product. For self-spray pressure containers (e.g., hair mousse, hair spray, hair dye, cold wave lotion, insecticides, and air fresheners), each container must not exceed 150 millilitres, with a total cumulative volume of all such items not exceeding 600 millilitres. Passengers are not permitted to carry insecticides, explosives, magnetised materials, knives (including Swiss Army knives) with a blade longer than 60mm, scissors, or other sharp objects. Bag checks are conducted at random, and any restricted items—whether in hand luggage or main luggage—may be confiscated before boarding. Your National Escort will provide specific details before your journey.

Yangtze River Cruise Vessel: If travelling on a Yangtze River cruise, a standard cabin is included equipped with Wi-Fi access, an ensuite bathroom, and a private balcony. Upgrades are available at an additional cost upon enquiry with our Reservations team.

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Roads in China have generally improved over recent years, but traffic and/or weather conditions may extend driving times. For this reason, the timings listed in the itinerary are approximations only.

Planes: Internal flight/s are based on economy class. Lithium-Ion batteries, usually used in laptops, cell phones and digital cameras, must be carried in your hand luggage (not in your checked luggage).

Portable chargers with a case that does not state the capacity or with a capacity of 160wh and more are not allowed on internal flights at all.

TIPPING POLICY:

Tipping is a common practice in most parts of the world, including China. However, knowing who to tip and how much can be unclear, and travellers may not always have the right cash on hand. To make the process seamless, Wendy Wu Tours operates a tipping policy where a stated amount (refer to our brochure or online tour page) is given to your National Escort at the beginning of your tour and tips are disbursed to local guides and drivers throughout your tour.

This system ensures a hassle-free experience for travellers while maintaining a fair and reasonable gratuity for the local people including the National Escort.

If you are travelling in a smaller group of under 10 passengers with local guides only, then tipping is paid in each destination. To be fair to the guides we ask for slightly higher amounts per traveller with small groups.

We generally find that most customers appreciate the convenience of our tipping policy, but we do recognize that it may not suit everyone. However, as this is a group tour, we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour.

ACCOMMODATION:

Your accommodation is chosen for its convenience, comfort, or character. Hotels are generally of a three-to-four-star standard in major cities, though there is no international classification system, so facilities and quality may differ from New Zealand. In remote areas, standards will be lower, and some Western amenities may be unavailable.

All group tour hotels include private Western-style bathrooms, air conditioning*, TV, and a telephone. Due to environmental regulations, toiletries may not always be provided. Plumbing and electricity can be inconsistent, and power in rooms is often switched off when unoccupied. If you encounter any issues, please speak to your National Escort or Local Guide. Rest assured; all hotels used by Wendy Wu Tours are regularly inspected to ensure they meet our standards.

**Please note that regional energy conservation and environmental regulations may restrict air-conditioning and heating use during certain months, with minimum and maximum temperature limits in place.*

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of 5kg. This is a requirement on internal trains and flights. It is essential that your luggage is lockable. In general, we recommend packing only as much as you can lift as you will need to carry your own luggage on and off trains.

PORTERAGE:

Please be aware that porterage is not included on our tours in Taiwan. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

OPTIONAL ACTIVITIES:

Occasionally, when time allows, we offer optional extras such as evening shows for those seeking extra excitement. These excursions will be listed in your final documents and can be paid for locally through your guide.

CLIMBING STEPS:

Sightseeing at nearly all the palaces, fortresses and some temples involves climbing quite a few steps. These palaces were built to provide defence against potential invaders so nearly all of them stand on top of a hill, while the interiors have layers of narrow hallways and steps to slow down the advance of enemies once they were inside.

The steps tend to be quite large, not level and sometimes without handrails. Buddhist temples or pagodas also tend to be built at an elevation, as this is the most auspicious position according to ancient beliefs. This means you sometimes need to walk from the bus park to the entrance, and/or need to climb some steps inside.

People with knee or hip injuries who have poor balance or are otherwise unable to complete these activities independently should consider the suitability of this itinerary carefully

EXCHANGING CASH:

It is highly recommended that extra care and attention is paid when exchanging money when travelling to cities outside of Beijing and Shanghai. US Dollars are easily exchanged throughout China and other currencies can generally be exchanged in hotels and airports provided notes are new and undamaged. We suggest exchanging your money before travelling to remote areas and smaller towns, as exchange facilities can be limited. Your National Escort will remind you to do this before departure.

INTERNET RESTRICTIONS IN CHINA:

In China, certain Western apps, such as Google Services (e.g. Gmail, Google, Google Maps) and social media platforms (e.g. Facebook, WhatsApp), are blocked due to government restrictions on internet content. Some travellers may choose to download and use a VPN (Virtual Private Network) to bypass these restrictions and access blocked apps. Guests are strongly advised to conduct their own research into the legal implications as VPN usage is subject to government regulations. E-Sim providers such as Airalo and Holafly have built-in VPN capabilities.

TRAVEL MONEY IN CHINA:

We recommend having access to multiple sources of money while traveling. A combination of payment methods, including mobile payment apps, cash, and cards, will offer the most security and flexibility. Mobile payment apps like WeChat and Alipay are often more widely accepted than international cards or cash in China. You will need an internet connection when in China to use the apps.
