## Itinerary Changes

It is our intention to adhere to the day-to-day itinerary as printed; however, the order of events or sightseeing may change as we look to improve our tours or as local conditions dictate. In these circumstances we will make the best possible arrangements maintaining the integrity of your trip.

- From November to March the Tang Dynasty music and dance performance is not available on all evenings. If it is not operating on the evening your group is due to attend, a suitable alternative will be arranged by your National Escort/Local Guide.
- The rickshaw ride in the hutongs in Beijing has been replaced with a walk through the hutongs from September 2019 onwards.
- The Forbidden City is closed on Mondays, due to maintenance.
- Yangtze River: Please note that all sections of the itinerary for the Yangtze River Cruise are subject to change. The river's rapid flow, the narrowness of the gorges and the recent increase in numbers of passengers means that the timetables are under some pressure. The local authorities allocate times for access to mooring points, embarkation and disembarkation at docks and passage through the gorges. This means that the captain of each cruise ship is unable to confirm a final itinerary until shortly before departure. This affects the time and location where you embark/disembark your cruise ship. Your National Escort/Local Guide will explain any changes to you as soon once they are informed.
- Due to a flight schedule change you will now travel by bullet train from Guilin to Chongqing.

If you are staying in a hotel, registration is done on your behalf as part of the check-in process.

### Insurance

We strongly encourage all customers to take a copy of their travel insurance documents (especially relevant international contact numbers) with them while on tour. We advise that you check the inclusions and procedures for lodging claims prior to your departure. These documents should be stored separately from the originals.

Wendy Wu Tours will not be liable for any costs incurred by you due to your failure to take out suitable travel insurance from the date of booking.

### Eating in China

Chinese cuisine is one of the most influential, diverse and flavoursome culinary styles in the world, with a legacy stretching back thousands of years. Often, you'll find that the local Chinese style is very different from what you're used to at home. We welcome people on our tours with a wide variety of tastes and as such try to present an array of food to suit everyone in the group. Our schedule of meals is designed so that you can experience the local dishes, their individual flavours, as well as the different ways they are prepared and cooked throughout China.

We have included most of your breakfast and lunch meals throughout your itinerary and some evening meals. Tea and coffee will be complimentary with all meals. For these included meals, we have arranged for you to dine in not only high-end restaurants, but those that allow customers to experience and taste the real flavours of the local area; local wine and beer will be complimentary with your evening meals. On the evenings where meals are not included, you are given the opportunity to select your own dining experience, allowing you to immerse in the local culture or take advantage of your hotels' many restaurant options.

Your National Escort will do their utmost to cater for any special requests such as gluten free or vegetarian meals, however, people on restricted diets should expect complications. Although most Asian countries are now quite developed, only quite recently have they started to widely accept Western guests. Western food requirements are quite far removed from Asian food requirements, and even medical reasons can be quite difficult to explain. While our ground partners will do everything they can to cater for a wide range of dietary requirements on tour,

we ask kindly for your patience and understanding that they cannot always be delivered to the standard you will be used to at home. It is recommended that passengers with food intolerances bring snacks or additional food items with them, especially when travelling further from major cities as not all dietary requests will be met due to the limited foods available.

Please read your travel guide which you will receive with your final documents for more information about eating in China. We recommend that when it comes to Chinese food, you stay open minded, try to be adventurous and always have a go with the chopsticks!

### Evenings at Leisure

To give you more flexibility and choice when travelling on selected Deluxe Collection tours; we have carefully balanced special highlight meals with evenings at leisure so that you can explore the many culinary delights that China has to offer. ### Accommodation

As the 'Legends of China' tour is part of our Deluxe Collection, you will be staying in international 5 star accommodation throughout your tour. We have provided time during your tour so you can experience the facilities of your accommodation, or relax, allowing you to get the most out of the hotel experience. On this tour, you will spend 3 nights aboard a cruise ship on the Yangtze River, the ships we use feature fully air conditioned, deluxe cabins with large windows leading out onto private balconies. All cabins have private bathrooms.

### Transport

**Coaches:** Coaches with air conditioning are used on our Deluxe Collection for city sightseeing, short excursions to the countryside and longer transfers where necessary. Roads in China have generally improved over recent years, but traffic and/or weather conditions may extend driving times. Road construction work usually covers an enormous section of road – not just 1-2 kilometres as you may be used to. For this reason, the timings listed in the itinerary are approximations only. There may be sections of road where the surface is comparatively bumpy but our drivers will do their utmost to lessen the impact.

**Planes:** Internal flights are based on economy class, with reputable airlines. Pre-seat flight allocation is unavailable.

**Cruise ships:** On the Yangtze River, you will be cruising on the Century Paragon or Century Legend; each ship offers a mixture of Chinese and western cuisine, a range of entertainment and a spacious sun deck with Panoramic views. There will be a laundry service provided on board; the laundry service is for 15 items per person (excluding suits, tuxedos, ties, scarfs, evening dresses and overcoats). Please note that the cruise ship and all shore excursions arranged by the cruise are on a shared basis.

Please also note that due to a tightened security process for luggage upon cruise disembarkation in Yichang, the Transport Authority has imposed a fee of RMB25 per main luggage item. Wendy Wu tours will cover the cost of one main luggage item per person. If you have additional items (excluding hand luggage) you will need to cover the cost yourself locally – RMB25 per item.

## Development in China

Though parts of China match the west in modernity and technological advances, it is important to remember that China is still a developing country and as such, many aspects of tourism in China do not have the solid infrastructure and safety standards as seen here in the west.

## Chinese public holidays

If you are travelling within the below Chinese Public Holidays please note that celebrations last for several days and during these times some businesses will be closed and coach, air and train travel may be affected. Tourist attractions will be open but may be crowded. Chinese New Year is on 25<sup>th</sup> January 2020 and 12<sup>th</sup> February 2021. Golden Week public holidays fall annually between 1<sup>st</sup> – 3<sup>rd</sup> May and 1<sup>st</sup> – 7<sup>th</sup> October.

## Souvenirs

We want to be able to give you an opportunity to buy souvenirs; so in some cities, we will visit a workshop or factory which demonstrates a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone so we aim to take you to places which hold local interest; for example, in Shanghai you will be able to see how silk is created all the way from the silk worm to beautiful garments; and in Xian we will take you to a workshop which creates replicas of the Terracotta Warriors, from tiny little warriors to seven foot behemoths! We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

## Group Size

Most of our groups consist of 10 travellers or more and will be accompanied by both a National Escort and local guides. There will usually be no more than 18 travellers in each group although you may encounter other Wendy Wu tour groups while you are travelling. The minimum age of customers on this tour is 18 years old.

All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so. For groups with fewer than 10 travellers, departures will operate with local guides only.

## Tipping Policy

Local tipping is customary in Asia. However, this can often lead to awkwardness in knowing when it is appropriate to tip and how much, as well as ensuring you have a suitable amount of change available at the time. For your convenience, with years of experiences in providing the best customer service, Wendy Wu Tours operates a kitty system on our Group Tours so your National Escort will look after this aspect of your trip for you. It also ensures that the amounts paid are reasonable for you but still fair for the local people. The amount is stated on each Group Tour page will be advised again on your final documentation. Tipping is in RMB and will be collected by your National Escort on arrival and distributed throughout the tour on your behalf. Any additional tipping on any of our tours is welcomed at your discretion. Further guidance for tipping contributions will be outlined in your final documentation.

## Packing list and Climate

Please refer to our website or brochure for detailed temperature charts.

You will find a complete packing list and a helpful climate chart in the 'Suggested Packing List', which will be included in the pre-departure information link sent within your deposit documentation. Seasonal weather patterns can be quite unpredictable. Up to the minute information on worldwide weather can be found on [www.weather.com](http://www.weather.com)

## Luggage

All travellers are limited to two items of luggage each; a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of five kilograms. It is essential that your luggage is lockable. Please note that authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

## Exchanging Cash

It is highly recommended that extra care and attention is paid when exchanging money when travelling to cities outside of Beijing and Shanghai. US Dollars are easily exchanged throughout China and other currencies such as Australian Dollars can generally be exchanged in hotels and airports provided notes are new and undamaged. We suggest exchanging your money before travelling to remote areas and smaller towns, as exchange facilities can be limited. Your National Escort will remind you to do this before departure.

## Personal Expenses & Optional Tours

**Personal Expense** - You will need to take some extra money to cover drinks, laundry and souvenirs, plus any additional sightseeing that may be offered to you. Based on the advice of previous customers an approximate amount of \$450AUD per person, per week should be sufficient; however, for those that can't resist a bargain or may wish to participate in all of the optional excursions, consider allocating a higher amount.

**Optional Tours** - May be offered in each city you visit during your tour. These are not included in the standard itinerary and will only be available if time permits and if seats are available. In your Final Documentation an Optional Excursion Sheet will be included outlining the activities available in each city and local cost associated. Please ensure you have additional funds available if you feel you may wish to participate in any extra activities. Each option will be arranged locally by your National Escort/Local Guide, participation and tipping for optional excursions is completely at your discretion.

## Climbing Steps

Sightseeing at nearly all of the palaces, fortresses and some temples involves climbing quite a number of steps. These palaces were built to provide defense against potential invaders so nearly all of them stand on top of a hill, while the interiors have layers of narrow hallways and steps to slow down the advance of enemies once they were inside. The steps tend to be quite large, not level and sometimes without handrails. Buddhist temples or pagodas also tend to be built at an elevation, as this is the most auspicious position according to ancient beliefs. This means you sometimes need to walk from the bus park to the entrance, and/or need to climb some steps inside.

People with knee or hip injuries, who have poor balance or are otherwise unable to complete these activities independently should consider the suitability of this itinerary carefully.
