Shanghai – Once known as the 'Paris of the East', Shanghai is now one of Asia's most influential cities. Prior to communist arrival in 1949, Shanghai was a city with European-style mansions and was the most important trading port in Asia. This combination is what attracts millions of visitors each year.

Silk Mill – An educational journey through the production of silk, one of China's most famous and luxurious materials. Learn about the use of silkworms and silk moths in its production; the manufacturing process; as well as silk's journey along the Silk Road which brought this product across Asia and Europe.

Huangpu River Cruise – There is no better way to see the juxtaposition of eras in Shanghai's history than by taking a cruise on the Huangpu River. At night, the dazzling colours and lights from Pudong shine bright onto the more modest twilight of the Bund.

Electricity & Hot Water – Electricity and hot water supplies can be limited in Mongolia, though the majority of camps we use provide both around the clock. Most camps also have communal café areas and a laundry service available for a small additional fee. In China, plumbing and electricity can occasionally be inconsistent, and room power is often switched off when unoccupied.

PUBLIC HOLIDAYS:

If you are traveling during a Chinese public holiday, please note that while tourist attractions remain open, they may be crowded with domestic visitors. Festivities often span several days, during which some businesses may close, and coach, air, and train services could be impacted. The major Golden Week holidays occur annually from April 29 to May 3 and September 30 to October 7.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of 5kg. This is a requirement on internal trains and flights. It is essential that your luggage is lockable. In general, we recommend packing only as much as you can lift as you will need to carry your own luggage on and off trains.

TRANSPORT:

Trains in China: When traveling by high-speed 'bullet' train, you will be seated in second-class soft seats with air conditioning. **Facilities** may vary depending on the train. Most carriages feature a Western-style toilet, and most seats are equipped with a foldable tray table and a power socket for charging electronic devices. Luggage is stored at the end of the carriage or in overhead. Dining carts are available on board if you wish to purchase additional food.

For daily products containing flammable ingredients, such as perfumes, colognes, sprays, and gels, non-self-spray pressure containers should not exceed 100 millilitres per item, with only one container allowed per product. For self-spray pressure containers (e.g., hair mousse, hair spray, hair dye, cold wave lotion, insecticides, and air fresheners), each container must not exceed 150 millilitres, with a total cumulative volume of all such items not exceeding 600 millilitres. Passengers are not permitted to carry insecticides, explosives, magnetised materials, knives (including Swiss Army knives) with a blade longer than 60mm, scissors, or other sharp objects. Bag checks are conducted at random, and any restricted items—whether in hand luggage or main luggage—may be confiscated before boarding. Your National Escort will provide specific details before your journey.

Yangtze River Cruise Vessel: A standard cabin is included equipped with Wi-Fi access, an en-suite bathroom, and a private balcony. Upgrades are available at an additional cost upon enquiry with our Reservations team.

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Timings listed in the itinerary are approximations only.

Planes: Internal flight/s are based on economy class. Lithium Ion batteries, usually used in laptops, cell phones and digital cameras, must be carried in your hand luggage (not in your checked luggage). Portable chargers with a case that does not state the capacity or with a capacity of 160wh and more are not allowed on internal flights at all.

AFTER-HOURS EXPERIENCES:

Our Classic tours include full days of sightseeing, so you can experience all the must-see sights and create unforgettable memories. Occasionally, when time permits, we may offer extra evening experiences in China, such as a show, for those who want a little extra excitement. These experiences are not mandatory, will be outlined in your final documents, and can be paid for locally in RMB, either by cash or mobile payment app.

TIPPING POLICY:

Tipping while on holiday is common in most parts of the world, and China and Central Asia are no exception. However, it is not always clear who it is appropriate to tip and how much. Furthermore, travellers may not have the right amounts of cash available at the right time. In order to avoid any inconvenience, Wendy Wu Tours operates a tipping policy where a stated amount is given to your National Escort at the beginning of your tour and tips are disbursed to local guides and drivers throughout your tour. The amount is designed to be at a reasonable level for travellers while being fair to the local people and includes a gratuity for the National Escort.

If you are travelling in a smaller group with local guides only, then tipping is paid in each destination. To be fair to the guides we ask for slightly higher amounts per traveller.

We generally find that most customers appreciate the convenience of our tipping policy but we do recognise that it may not suit everyone. However, as this is a group tour we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour.

INSURANCE:

It is a condition of booking with us that you take out suitable travel insurance. You must provide us with the name of your insurer, policy number and their 24-hour emergency contact number when you book with us or as soon as possible thereafter. These details will be available to your National Escort should they be required. Wendy Wu Tours will not be liable for any costs incurred by you due to your failure to take out suitable travel insurance from the date of booking.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs; so in each city, we will visit a workshop or factory which demonstrates a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone so we aim to take you to places which hold local interest; for example, in Shanghai you will be able to see how silk is created all the way from the silk worm to beautiful garments; and in Xian we will take you to a workshop which creates replicas of the Terracotta Warriors, from tiny little warriors to seven foot behemoths! We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact either your doctor or Health centre for advice on vaccinations and travel health. Safetravel has a comprehensive website that you may also find useful www.safetravel.govt.nz

INTERNET RESTRICTIONS IN CHINA:

In China, certain Western apps, such as Google Services (e.g. Gmail, Google, Google Maps) and social media platforms (e.g. Facebook, WhatsApp), are blocked due to government restrictions on internet content. Some travellers may choose to download and use a VPN (Virtual Private Network) to bypass these restrictions and access blocked apps. Guests are strongly advised to conduct their own research into the legal implications as VPN usage is subject to government regulations. E-Sim providers such as Airalo and Holafly have built-in VPN capabilities.

TRAVEL MONEY IN CHINA:

We recommend having access to multiple sources of money while traveling. A combination of payment methods, including mobile payment apps, cash, and cards, will offer the most security and flexibility.

In China, mobile payment apps like WeChat and Alipay are often more widely accepted than international cards or cash in China. You will need an internet connection when in China to use the apps. ITINERARY CHANGES:

It's our intention to adhere to the day-to-day itinerary as printed; however, the order of events or sightseeing may change as we look to improve our tours or as local conditions dictate. In these circumstances we'll make the best possible arrangements maintaining the integrity of your trip.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive an email with your confirmation invoice, along with a link to our website where you can find your visa information (if applicable) and other important information. Your final documentation pack will be sent to you approximately 2 weeks prior to departure.
