The 265m long, steeply sloping tunnel was built by North Korea in the 1970s and is located more than 70m underground. North Korea initially denied its existence when South Korea discovered, then later claimed that it was a coal mine. It was eventually revealed that they had dug the tunnel to launch a surprise attack on Seoul. The South eventually took control of the tunnel, blocking off the demarcation line with the North via concrete barricades.

Dorasan Observatory – Located at the top of Mt Dora, the Dorasan observatory looks across the Demilitarized Zone. Kinkakuji Temple (Golden Pavilion) – This Zen Buddhist temple sits over a 'mirror pond' in a classical garden of the 'go round' style. The top two floors are covered in pure gold leaf. If the flights that you are booked on are transiting via a different country, please ensure you check the entry requirements for that country, as they may differ to the requirements than your destination.

INSURANCE:

We strongly recommend that you take out a policy as soon as you pay your deposit. Wendy Wu Tours cannot in any way be made liable for any additional cost incurred by the customer on any tour due to the customer not having adequate travel insurance.

We also encourage all customers to take a copy of their travel insurance documents (especially relevant international contact numbers) with them while on tour. EATING IN SOUTH KOREA & JAPAN:

Korean and Japanese cuisine is delicious, colourful and healthy. Meals in South Korea are usually served with a bowl of rice and a bowl of soup and consist generally of banchan (side dishes) including Kimchi (seasoned and fermented vegetable), fish and meat. In Japan, meals are usually served with a bowl of rice and a bowl of miso soup and consist usually of fish, pickled vegetables and meat. Japan's other main staple is noodles, most famous being Udon and Soba. Most food is eaten with chopsticks as cutlery is not always available at restaurants.

Korean food is generally hot and spicy compared to Japanese cuisine. All meals (excluding drinks) are included in our fully inclusive group tours from the groups' arrival until the day of departure. Our schedule of meals is designed so that you can experience the local dishes, their individual flavours as well as the different ways they are prepared and cooked throughout Korea. Breakfast will mostly be buffet style but may be a set-menu.

In Japan, breakfast will mostly be buffet style but may be a set-menu. Lunches are mostly preset options as is custom in many local restaurants. Dinner is usually a pre-set option or buffet style, featuring a wide selection of high-quality Japanese and Western dishes, but may occasionally be a set-menu. We usually find this style of dining suits the wide and varied tastes of our customers on tour. These are also pre-booked in advance prior to your arrival by your guides. This will provide greater flexibility and allow you to sample a broad range of local cuisines and dishes. All beverages will be at your own expense and are readily available.

On some days where lots of sights are covered, dinner times may be early, and your tour group may head directly to the restaurant after sightseeing without stopping at your hotel to freshen up.

In South Korea, the restaurants operate differently than other Asian countries. If you want a desert, you must go to a desert shop. If you want a coffee, you must go to a coffee shop etc.

Please note: if you have any dietary requirements, you must inform us before your tour starts. Your National Escort will do their utmost to cater for any special requests such as gluten free or vegetarian meals, however, people on restricted diets should expect complications.

Although most Asian countries are now quite developed, only quite recently have they started to widely accept Western guests. Western food requirements are quite far removed from Asian food requirements, and even medical reasons can be quite difficult to explain. While our ground partners will do everything they can to cater for a wide range of dietary requirements on tour, we ask kindly for your patience and understanding that they cannot always be delivered to the standard you will be used to at home.

It is recommended that passengers with food intolerances bring snacks or additional food items with them, especially when travelling further from major cities as not all dietary requests will be met due to the limited foods available.

Please read your travel guide which you will receive with your final documents for more information about eating in South Korea and Japan. We recommend that when it comes to Korean and Japanese food, you stay open minded, try to be adventurous and always have a go with the chopsticks!

ACCOMMODATION:

Your accommodation is selected for convenience of location, comfort or character, and can range from a business hotel in one city to a family run guesthouse in a smaller town. In more remote areas, accommodation may be of a lower standard and may not have all western amenities. In the Fuji area of Japan, hotels tend to be more traditional in style and culture. In this area, you may be asked to take your shoes off at the door and store them in a secure locker – this is very traditional Japanese culture. Hotels are generally rated as local three to four-star standard, but please note that there is no international classification system for hotels and differences in facilities and quality do exist between the New Zealand and South Korea/Japan.

Please note that in Japan, hotel rooms and bathrooms are renowned for being small. Standard single rooms are usually smaller than a standard double or twin room, contain one small double bed (or one single bed), and are designed for one person to use. All group tour hotels have private western bathroom facilities, air-conditioning, TV and telephone. Some hotels in South Korea have hot water restrictions, operating for a few hours at a time, usually in the morning and evenings.

Hotels in South Korea often do not have porters and you will be required to carry your own luggage. If you experience any difficulty, please speak to your National Escort/local guide. Rest assured that all hotels used by Wendy Wu Tours are regularly inspected by our staff and partners to ensure that standards meet your needs.

PORTERAGE:

Please be aware that porterage is not included on our tours in Japan. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

AIRPORT TRANSFERS:

As we offer our customers a variety of airlines to suit your needs, passengers will arrive/depart in Japan at various times during the day.

You will be met on arrival at the airport by an English-speaking assistant who will provide instructions for you to make your own way to your hotel using the direct airport bus. Please note the bus will be shared with other passengers and is not just for Wendy Wu Tours clients. If your hotel is more than a 5-minute walk from the drop-off bus stop, a taxi will be arranged for you prior to leaving the airport to meet you at the drop-off bus stop.

When you check-in to your hotel, a welcome letter will be provided with details of the group's welcome dinner or first meeting point. You will meet your national escort at dinner or, if arriving late, the following morning after breakfast at the welcome meeting. On your departure day, you will be provided with tickets for your return airport bus, to make your own way to the airport.

TRANSPORT:

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Roads in South Korea and Japan are extremely well maintained and are comparatively smooth compared with the rest of Asia. Coaches and minibuses do not have onboard toilet facilities; however frequent bathroom stops are made for passenger's comfort.

High-speed/Bullet trains: Second class reserved seats are booked for our groups on high-speed/bullet trains; there will be toilet facilities on board. Due to the limited space on bullet trains, a separate luggage transfer service will be arranged for all suitcases (1 case per person). You will need to pack a separate overnight bag to carry on the train as your suitcase will not arrive until the following day after a bullet train journey. Your guide will indicate when you need to prepare for this throughout your tour.

Planes: Internal flights are based on economy class, with reputable airlines. Internal flights during your tour are arranged locally, so you will not be given a ticket until your guide helps you check in.

DEVELOPMENT IN SOUTH KOREA & JAPAN:

South Korea and Japan are developed countries and as such matches the West in modernity and technological advances. South Korea and Japan are extremely safe country and takes great responsibility in maintaining high safety standards.

GROUP SIZE:

Most of our groups consist of 10 travellers or more and will be accompanied by a national escort. There will usually be no more than 28 travellers in each group although you may encounter other Wendy Wu tour groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). A national escort will accompany each group of 10 or more. However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so.

TIPPING POLICY:

Tipping while on holiday is common in most parts of the world and South Korea is no exception. However, it is not always clear who it is appropriate to tip and how much. Furthermore, travellers may not have the right amounts of cash available at the right time. To avoid any inconvenience, Wendy Wu Tours operates a tipping policy where a stated amount is given to your National Escort at the beginning of your tour and tips are disbursed throughout your tour.

The amount is designed to be at a reasonable level for travellers while being fair to the local people and includes a gratuity for the National Escort. If you are travelling in a smaller group, we ask for slightly higher amounts per traveller, to be fair to the guide(s). We generally find that most customers appreciate the convenience of our tipping policy, but we do recognize that it may not suit everyone. However, as this is a group tour we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour. Although tipping in Japan is not customary, if you feel you have received an excellent service, please feel free to tip your guide at your discretion.

CULTURAL DIFFERENCE:

Korean and Japanese society and culture are built on intricate social etiquette and customs. As foreigners, we are not expected to be knowledgeable about all etiquette, but it will make your time in South Korea and Japan more enjoyable if you are respectful of local customs. Some examples of scenarios you may encounter include removing your shoes and hats when entering a temple or house (some restaurants as well).

You may be supplied with slippers at some places, but please come prepared with plenty of spare socks, and shoes that are easy to take off for the regular occasions when they must be removed. Your National Escort will advise you of some of these other customs at the beginning of your tour.

PUBLIC HOLIDAYS:

If you are travelling within the below Public Holidays, please note that celebrations can last a several days and during these times some businesses will be closed. Coach, air and train travel may also be affected. Tourist attractions will be open; but may be crowded.

South Korea: Seollal (Lunar New Year) 28th -30th January 2025, Buddha's Birthday and Children's Day is 5th May 2025 and Chuseok (Korean Thanksgiving) 5th to 7th October 2025.

Japan: Showa Day is on 29th April every year, 'Golden Week' public holidays fall annually at the end of April/beginning of May, Constitution Memorial Day is on 3rd May, and Emperor's Birthday is on 23rd February every year.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs, so we include some stops at museums or exhibitions which demonstrate a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone, so we aim to take you to places, which hold local interest. We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of five kilograms. It is essential that your luggage is lockable.

PERSONAL EXPENSES AND OPTIONAL TOURINGS:

Personal Expense - You will need to take some extra money to cover drinks, laundry and souvenirs, plus any additional sightseeing that may be offered to you. Based on the advice of previous customers an approximate amount of NZD \$300.00 per person, per week should be sufficient; however, for those that cannot resist a bargain, consider allocating a higher amount.

It is highly recommended that extra care and attention is paid when exchanging money when travelling to cities outside of Tokyo. US Dollars and New Zealand Dollars can be exchanged at Narita Airport and in some hotels, provided the New Zealand currency is new and undamaged. We suggest exchanging your money before travelling to smaller towns, as exchange facilities can be very limited. Your National Escort will remind you to do this before departure.

CLIMBING STEPS:

Sightseeing at nearly all the palaces, fortresses and some temples involves climbing quite a few steps. These palaces were built to provide defence against potential invaders so nearly all of them stand on top of a hill, while the interiors have layers of narrow hallways and steps to slow down the advance of enemies once they were inside. The steps tend to be quite large, not level and sometimes without handrails. Buddhist temples or pagodas also tend to be built at an elevation, as this is the most auspicious position according to ancient beliefs. This means you sometimes need to walk from the bus park to the entrance, and/or need to climb some steps inside.

People with knee or hip injuries who have poor balance or are otherwise unable to complete these activities independently should consider the suitability of this itinerary carefully

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact either your doctor or local Health Centre for advice on vaccinations and travel health. Safe Travel has a comprehensive website that you may also find useful www.safetravel.govt.nz

BEFORE YOU LEAVE:

We strongly recommend registering your travel plans with www.safetravel.govt.nz as in the event of an emergency, New Zealand Consular assistance will be more readily available.

You can also access the New Zealand Government's travel advisory service for up-to-date information about your destination on the same website.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice including a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.
