Venture off the beaten track to explore fascinating destinations away from the tourist trail. You will discover the local culture in depth and see sights rarely witnessed by other travellers. These tours take you away from the comforts of home but will reward you with the experiences of a lifetime. These tours include:

- Walking through classic sites
- Unique cultural experiences and encounters
- Off the beaten track destinations
- More evenings at leisure for independent exploration

PHYSICAL LEVEL 2:

All our tours feature a physical rating to help you select the right holiday for you. To travel on any of our tours requires unaided mobility and the ability to stroll around the sights.

‘Naturals Treasures of China’ is rated as a physical level 2 tour. A good level of fitness is required as you need to be comfortable walking for 3-4 hours and covering large distances. You will be getting on and off coaches and boats, walking around the sights and climbing some steps.

- On multiple days you will be required to spend around 1-2 hours walking up and down wooden and stone steps and walkways
- You will be required to get on and off varying sizes of boats without assistance during the tour
- You will spend around an hour on a glass bottomed bridge at high elevation
- There are multiple days at altitude, ranging from 2500 metres to 3500 metres
- At Huanglong Pools you will walk 7 kilometres over a 4-hour period, at an altitude of 3,100 metres to 3,500 metres

The Nine Villages Valley sits at an altitude of up to 3,500 metres. Please be prepared for mild symptoms of Altitude Mountain Sickness (AMS) which include dizziness, fatigue, nausea, loss of appetite, breathlessness, headache and disturbed sleep. These usually develop over the first 36 hours at altitude and not immediately on arrival. AMS symptoms are experienced by people of varying ages and levels of fitness, and usually the symptoms will subside after a day or so. If symptoms worsen, you should seek medical advice and descend in altitude immediately. The following precautions may help to prevent or lessen the effects of AMS:

- Since fluid loss usually accompanies the acclimatisation process, drink plenty of fluids (3 – 4 litres daily at least) and eat carbohydrate food to keep the body properly hydrated
- Do not overexert and only partake in light activity immediately after your arrival
- Do not smoke, drink alcohol or take other depressants such as tranquilisers and sleeping pills, as these depress the respiratory drive and reduce oxygen intake
- Assume any sickness at high altitude is AMS until proven otherwise
- Never ascend to higher altitudes while showing symptoms of AMS
- You must report any symptoms of AMS immediately to your National Guide

Of course, our National Escort and local guides will always endeavour to provide the highest level of service and assistance; however, they cannot be expected to cater for customers who are unfit to complete the itinerary.

Huanglong – Within neighbouring distance of Nine Villages Valley is the equally alluring area of Huanglong. Huanglong which means 'Yellow Dragon' is renowned for its wide variety of colourful pools and natural ponds which are said to shimmer like a 'yellow dragon'. CHINA - TRAVEL INFORMATION

VISAS:

China Visas are not required for New Zealand passport holders for stays 30 days and under. For longer periods in China and/or other passport holders a visa will be required. Full details will be advised by Wendy Wu Tours upon booking.

Please be advised that your passport must have at least six months validity left on it when you arrive back in New Zealand.

Please note the visa procedures and requirements may change at any time. These changes are often made by the relevant embassy or consulate; Wendy Wu Tours acts as a third party and has no influence on the process of a visa. Your travel consultant will inform you if any changes are applicable prior to your departure.

INSURANCE:

We strongly recommend that you take out a policy as soon as you pay your deposit. Wendy Wu Tours cannot in any way be made liable for any additional cost incurred by the customer on any tour due to the customer not having adequate travel insurance.

We also encourage all customers to take a copy of their travel insurance documents (especially relevant international contact numbers) with them while on tour. We advise that you check the inclusions and procedures for lodging claims prior to your departure. These documents should be stored separately from the original

GROUP SIZE:

Most of our groups consist of 10 travellers or more and will be accompanied by both a National Escort and local guides. There will usually be no more than 18 travellers in each group although you may encounter other Wendy Wu tour groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so. For groups with fewer than 10 travellers, departures will operate with local guides only.

EATING IN CHINA:

Chinese cuisine is one of the most influential, diverse and flavoursome culinary styles in the world with a legacy stretching back thousands of years. Often you will find that the local Chinese style is very different from what you are used to at home. We welcome people on our tours with a wide variety of tastes and as such try to present an array of food to suit everyone in the group.

Our schedule of meals is designed so that you can experience the local dishes, their individual flavours as well as the different ways they are prepared and cooked throughout China.

Dishes served in restaurants on our group tours are varied. Some will be vegetable-based with meat mixed in, and a few will be meat-based. Traditionally, Chinese people cook with a lot of vegetables because meat used to be hard to come by. Dishes often come pre-seasoned with soy sauce or other sauces. Our restaurants are well aware of the western palate – there are plenty of non-spiced options. Most meals are served with plain rice on the side which is intended as an accompaniment to your meal. Unlike the western world, Chinese people do not normally pre-heat their plates and food can be presented at a variety of temperatures, which is a typical Chinese way of doing things.

When eating meals on group tours, you will be seated around a circular table with other tour members. Dishes will be served in the traditional ‘family style’ on a lazy susan; meaning that various dishes will be laid out on a spinning turntable in the centre of the tabletop. These dishes are intended to be shared amongst the group – there is always more than enough to feed everybody. ‘Family style’ means that there is a pair of serving chopsticks for each dish which are used specifically to serve the food (please ask your server if you require a fork or spoon) and everybody will help themselves to all the dishes on the lazy susan. You will have an individual bowl, chopsticks and cup for your own use. Please be courteous and consider your fellow diners; if your favourite dish is on the other side of the table, it will make its way round to you soon! We find our customers really enjoy this sociable style of eating.

Your National Escort will do their utmost to cater for any special requests such as gluten free or vegetarian meals, however, people on restricted diets should expect complications. Although most Asian countries are now quite developed, only quite recently have they started to widely accept Western guests. Western food requirements are quite far removed from Asian food requirements, and even medical reasons can be quite difficult to explain. While our ground partners will do everything they can to cater for a wide range of dietary requirements on tour, we ask kindly for your patience and understanding that they cannot always be delivered to the standard you will be used to at home. It is recommended that passengers with food intolerances bring snacks or additional food items with them, especially when travelling further from major cities as not all dietary requests will be met due to the limited foods available. Please read your travel guide which you will receive with your final documents for more information about eating in China. We recommend that when it comes to Chinese food, you stay open minded, try to be adventurous and always have a go with the chopsticks!

PLEASE INFORM US OF ANY ALLERGIES AND/OR SPECIAL DIETARY REQUIREMENTS AT TIME OF BOOKING.

ACCOMMODATION:

Your accommodation is chosen for its convenience, comfort, or character. Hotels are generally of a four-star standard in major cities, though there is no international classification system, so facilities and quality may differ from New Zealand. In remote areas, standards may be lower, and some Western amenities may be unavailable.

All group tour hotels include private Western-style bathrooms, air conditioning* and a telephone. Due to environmental regulations, toiletries may not always be provided. Plumbing and electricity can be inconsistent, and power in rooms is often switched off when unoccupied. If you encounter any issues, please speak to your National Escort or Local Guide. Rest assured; all hotels used by Wendy Wu Tours are regularly inspected to ensure they meet our standards.

**Please note that regional energy conservation and environmental regulations may restrict air-conditioning and heating use during certain months, with minimum and maximum temperature limits in place.*

PUBLIC HOLIDAYS:

If you are traveling during a Chinese public holiday, please note that while tourist attractions remain open, they may be crowded with domestic visitors. Festivities often span several days, during which some businesses may close, and coach, air, and train services could be impacted. The major Golden Week holidays occur annually around 1 to 5 May and 1 to 7 October.

DEVELOPMENT IN CHINA:

Though parts of China match the west in modernity and technological advances, it is important to remember that China is still a developing country and as such, many aspects of tourism in China do not have the solid infrastructure and safety standards as seen here in the west.

TRANSPORT:

Trains: When traveling by high-speed 'bullet' train, you will be seated in second-class soft seats with air conditioning. **Facilities** may vary depending on the train. Most carriages feature a Western-style toilet, and most seats are equipped with a foldable tray table and a power socket for charging electronic devices. Luggage is stored at the end of the carriage or overhead. Dining carts are available on board if you wish to purchase additional food.

For daily products containing flammable ingredients, such as perfumes, colognes, sprays, and gels, non-self-spray pressure containers should not exceed 100 millilitres per item, with only one container allowed per product.

For self-spray pressure containers (e.g., hair mousse, hair spray, hair dye, cold wave lotion, insecticides, and air fresheners), each container must not exceed 150 millilitres, with a total cumulative volume of all such items not exceeding 600 millilitres. Passengers are not permitted to carry insecticides, explosives, magnetised materials, knives (including Swiss Army knives) with a blade longer than 60mm, scissors, or other sharp objects.

Bag checks are conducted at random, and any restricted items—whether in hand luggage or main luggage—may be confiscated before boarding. Your National Escort will provide specific details before your journey.

Yangtze River Cruise Vessel: If travelling on a Yangtze River cruise, a standard cabin is included equipped with Wi-Fi access, an ensuite bathroom, and a private balcony. Upgrades are available at an additional cost upon enquiry with our Reservations team.

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Roads in China have generally improved over recent years, but traffic and/or weather conditions may extend driving times. For this reason, the timings listed in the itinerary are approximations only.

Planes: Internal flight/s are based on economy class. Lithium-Ion batteries, usually used in laptops, cell phones and digital cameras, must be carried in your hand luggage (not in your checked luggage). Portable chargers with a case that does not state the capacity or with a capacity of 160wh and more are not allowed on internal flights at all.

OPTIONAL ACTIVITIES:

Occasionally, when time allows, we offer optional extras such as evening shows for those seeking extra excitement. These excursions will be listed in your final documents and can be paid for locally through your guide.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs; so, in each city, we will visit a workshop or factory which demonstrates a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone so we aim to take you to places which hold local interest; for example, in Shanghai you will be able to see how silk is created all the way from the silkworm to beautiful garments.

In Xian we will take you to a workshop which creates replicas of the Terracotta Warriors, from tiny little warriors to seven-foot behemoths! We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

TIPPING POLICY:

Tipping is a common practice in most parts of the world, including China. However, knowing who to tip and how much can be unclear, and travellers may not always have the right cash on hand. To make the process seamless, Wendy Wu Tours operates a tipping policy where a stated amount (refer to our brochure or online tour page) is given to your National Escort at the beginning of your tour and tips are disbursed to local guides and drivers throughout your tour. This system ensures a hassle-free experience for travellers while maintaining a fair and reasonable gratuity for the local people including the National Escort.

If you are travelling in a smaller group of under 10 passengers with local guides only, then tipping is paid in each destination. To be fair to the guides we ask for slightly higher amounts per traveller with small groups. We generally find that most customers appreciate the convenience of our tipping policy, but we do recognise that it may not suit everyone.

However, as this is a group tour, we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour.

PORTERAGE:

Please be aware that portorage is not included on our tours. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of 5kg. This is a requirement on internal trains and flights. It is essential that your luggage is lockable. In general, we recommend packing only as much as you can lift as you will need to carry your own luggage on and off trains.

INTERNET RESTRICTIONS IN CHINA:

In China, certain Western apps, such as Google Services (e.g. Gmail, Google, Google Maps) and social media platforms (e.g. Facebook, WhatsApp), are blocked due to government restrictions on internet content. Some travellers may choose to download and use a VPN (Virtual Private Network) to bypass these restrictions and access blocked apps. Guests are strongly advised to conduct their own research into the legal implications as VPN usage is subject to government regulations. E-Sim providers such as Airalo and Holafly have built-in VPN capabilities.

TRAVEL MONEY IN CHINA:

We recommend having access to multiple sources of money while traveling. A combination of payment methods, including mobile payment apps, cash, and cards, will offer the most security and flexibility. Mobile payment apps like WeChat and Alipay are often more widely accepted than international cards or cash in China. You will need an internet connection when in China to use the apps. For more information, please refer to our China Travel Guide and Phrase book online Page 16 – [Travel guide and Phrasebook CHINA](#)

EXCHANGING CASH:

It is highly recommended that extra care and attention is paid when exchanging money when travelling to cities outside of Beijing and Shanghai. US Dollars are easily exchanged throughout China and other currencies can generally be exchanged in hotels and airports provided notes are new and undamaged. We suggest exchanging your money before travelling to remote areas and smaller towns, as exchange facilities can be limited. Your National Escort will remind you to do this before departure.

CLIMBING STEPS:

Sightseeing at nearly all the palaces, fortresses and some temples involves climbing quite a few steps. These palaces were built to provide defence against potential invaders so nearly all of them stand on top of a hill, while the interiors have layers of narrow hallways and steps to slow down the advance of enemies once they were inside.

The steps tend to be quite large, not level and sometimes without handrails.

Buddhist temples or pagodas also tend to be built at an elevation, as this is the most auspicious position according to ancient beliefs. This means you sometimes need to walk from the bus park to the entrance, and/or need to climb some steps inside.

People with knee or hip injuries who have poor balance or are otherwise unable to complete these activities independently should consider the suitability of this itinerary carefully.

VACCINATIONS AND YOUR HEALTH:

Wendy Wu does not give specific health advice, but we do recommend you see your doctor at least six weeks prior to travel for advice and to allow time for any necessary vaccinations. Please remember to take your itinerary with you. Safe travel has a comprehensive website that you may also find useful www.safetravel.govt.nz

BEFORE YOU LEAVE:

We strongly recommend registering your travel plans with www.safetravel.govt.nz as in the event of an emergency, New Zealand Consular assistance will be more readily available.

Up until the day you travel, it is vital you keep up to date and familiarised with the entry requirements as these can change at short notice. You are personally responsible for completing any entry forms, conducting any covid tests (if necessary), etc and adhering to countries' specific entry requirements. You can also access the New Zealand Government's travel advisory service for up-to-date information about your destination on the same website.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice including a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.

ITINERARY CHANGES:

It is our intention to adhere to the day-to-day itinerary as printed; however, the order of events or sightseeing may change as we look to improve our tours or as local conditions dictate; in these circumstances we will make the best possible arrangements whilst maintaining the integrity of your trip.
