GO BEYOND TOURS:

Venture off the beaten track to explore fascinating destinations away from the tourist trail. You will discover the local culture in depth and see sights rarely witnessed by other travellers. These tours take you away from the comforts of home but will reward you with the experiences of a lifetime.

PHYSICAL LEVEL 2:

Our tours come with a physical rating to guide you in selecting a holiday that suits your comfort level. Joining any of our tours involves independent mobility and the ability to stay active throughout the day, which is essential for fully enjoying the unique charm of each destination.

‘Silk Road Explorer’ is rated as a **physical level 2** tour. A reasonable level of fitness is required but it is more about spending time on your feet rather than covering large distances. You will be getting on and off coaches and boats, carrying your luggage on and off trains, walking around the sights and climbing some steps.

- There will be long periods of walking whilst sightseeing, often on steep or uneven ground.
- You will be at altitude in Xiahe. All passengers should rest and stay well hydrated to acclimatise to the higher altitude.
- On some days you will be travelling all day, up to 9 hours, by coach or train.

This tour has been carefully designed to minimise the effects of Altitude Sickness whilst in Xiahe. Please be prepared for mild symptoms of Altitude Mountain Sickness (AMS) which include dizziness, fatigue, nausea, loss of appetite, breathlessness, headache and disturbed sleep. These usually develop over the first 36 hours at altitude and not immediately on arrival. AMS symptoms are experienced by people of varying ages and levels of fitness, and usually the symptoms will subside after a day or so. If symptoms worsen, you should seek medical advice and descend in altitude immediately. The following precautions may help to prevent or lessen the effects of AMS:

- Since fluid loss usually accompanies the acclimatisation process, drink plenty of fluids (3 - 4 litres daily at least) and eat carbohydrate food to keep the body properly hydrated
- Do not overexert and only partake in light activity immediately after your arrival
- Do not smoke, drink alcohol or take other depressants such as tranquilisers and sleeping pills, as these depress the respiratory drive and reduce oxygen intake
- Assume any sickness at high altitude is AMS until proven otherwise
- Never ascend to higher altitudes while showing symptoms of AMS
- You must report any symptoms of AMS immediately to your National Guide

Our National Escort is dedicated to providing a high level of service and support throughout your journey. However, their primary role is to manage the daily aspects of the tour. They are unable to offer extensive personal physical assistance. We kindly ask our travellers to be prepared for the physical aspects of the tour to ensure a comfortable and enjoyable experience for everyone.

JOINING YOUR TOUR:

The tour is 28 days in duration including international flights or 26 days in duration based on ‘Land Only’. Join the tour on Day 2 in Xian and end the tour on Day 27 in Beijing.

CHINA TRAVEL INFORMATION

VISAS:

New Zealand passport holders can currently enter China visa-free for stays of up to 30 days, for travel completed before 31 December 2026. If you hold a different passport, please contact us.

If you're travelling in 2027 or beyond, visa requirements may change. Should a visa be required for New Zealand passport holders, Wendy Wu Tours will organise this for you at no additional cost. Full details of the visa process – including processing times, required documentation and instructions – will be sent to you electronically at full payment.

Please be advised that your passport must have at least six months validity left on it when you arrive back in New Zealand.

Please note the visa procedures and requirements may change at any time. These changes are often made by the relevant embassy or consulate; Wendy Wu Tours acts as a third party and has no influence on the process of a visa. Your travel consultant will inform you if any changes are applicable prior to your departure.

GROUP SIZE:

Most of our groups consist of 10 travellers or more and will be accompanied by both a National Escort and local guides. On Go Beyond tours, will be no more than 18 travellers in each group although you may encounter other Wendy Wu our groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 10 travellers booked (unless cancelled due to factors beyond our control). However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so. For groups with fewer than 10 travellers, departures will operate with local guides only.

EATING IN CHINA:

Chinese cuisine is one of the world's most diverse and flavourful, with a rich history spanning thousands of years. The local dishes you'll experience on tour may differ from what you're used to at home, offering an authentic taste of China's regional flavours and cooking styles.

All or most meals (excluding drinks) are included in our Go Beyond tours (refer to the itinerary) from the groups' arrival until the day of departure. Our schedule of meals is designed so that you can experience the local dishes, their individual flavours as well as different ways they are prepared and cooked throughout China – from the bold, spicy cuisine of Sichuan to the savoury flavours of Shanghainese cooking, as well as the hearty noodles and dumplings of the north and fresh seafood of the south.

Breakfasts are buffet-style at your hotel with both Western and Chinese options available, although rural parts of China may offer limited options. Lunches and dinners on our tours are varied, with a mix of vegetable-based and meat-based dishes. Many are pre-seasoned with soy sauce or other traditional flavours, though our selected restaurants offer plenty of mild options. Dishes may be served at different temperatures, as is customary in China.

Dining mostly follows the traditional 'family style' approach, with dishes placed on a lazy Susan for everyone to share. Serving chopsticks are provided for each dish, and individual bowls, chopsticks, and cups are set for personal use. If you require a fork or spoon, please ask your server. This communal style of dining is an integral part of Chinese culture and a fun, social experience.

If you have allergies or dietary requests, you must inform us prior to departure. Western food requirements differ from those in Asia, and even medical dietary needs can be challenging to accommodate. While your National Escort will do their best to assist, we kindly ask for your patience and understanding, as dietary requests may not always be met to the standard you are accustomed to at home. Passengers with food intolerances are advised to bring snacks or additional food items, especially when traveling beyond major cities, where options may be more limited. Kosher and Halal food are extremely limited in China, and we regret that we are unable to cater to these dietary requirements.

ACCOMMODATION:

Your accommodation is chosen for its convenience, comfort, or character. Hotels are generally of a four-star standard in major cities, though there is no international classification system, so facilities and quality may differ from New Zealand. In remote areas, standards may be lower, and some Western amenities may be unavailable.

All group tour hotels include private Western-style bathrooms, air conditioning*, TV, and a telephone. Due to environmental regulations, toiletries may not always be provided. Plumbing and electricity can be inconsistent, and power in rooms is often switched off when unoccupied. If you encounter any issues, please speak to your National Escort or Local Guide. Rest assured, all hotels used by Wendy Wu Tours are regularly inspected to ensure they meet our standards.

**Please note that regional energy conservation and environmental regulations may restrict air-conditioning and heating use during certain months, with minimum and maximum temperature limits in place.*

PUBLIC HOLIDAYS:

If you are traveling during a Chinese public holiday, please note that while tourist attractions remain open, they may be crowded with domestic visitors. Festivities often span several days, during which some businesses may close, and coach, air, and train services could be impacted. The major Golden Week holidays occur annually from April 29 to May 3 and September 30 to October 7.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of 5kg. This is a requirement on internal trains and flights. It is essential that your luggage is lockable. In general, we recommend packing only as much as you can lift as you will need to carry your own luggage on and off trains.

TRANSPORT:

Trains: When traveling by high-speed 'bullet' train, you will be seated in second-class soft seats with air conditioning. **Facilities** may vary depending on the train. Most carriages feature a Western-style toilet, and most seats are equipped with a foldable tray table and a power socket for charging electronic devices. Luggage is stored at the end of the carriage or in overhead. Dining carts are available on board if you wish to purchase additional food.

For daily products containing flammable ingredients, such as perfumes, colognes, sprays, and gels, non-self-spray pressure containers should not exceed 100 millilitres per item, with only one container allowed per product. For self-spray pressure containers (e.g., hair mousse, hair spray, hair dye, cold wave lotion, insecticides, and air fresheners), each container must not exceed 150 millilitres, with a total cumulative volume of all such items not exceeding 600 millilitres. Passengers are not permitted to carry insecticides, explosives, magnetised materials, knives (including Swiss Army knives) with a blade longer than 60mm, scissors, or other sharp objects. Bag checks are conducted at random, and any restricted items—whether in hand luggage or main luggage—may be confiscated before boarding. Your National Escort will provide specific details before your journey.

Yangtze River Cruise Vessel: If travelling on a Yangtze River cruise, a standard cabin is included equipped with Wi-Fi access, an ensuite bathroom, and a private balcony. Upgrades are available at an additional cost upon enquiry with our Reservations team.

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. Roads in China have generally improved over recent years, but traffic and/or weather conditions may extend driving times. For this reason, the timings listed in the itinerary are approximations only.

Planes: Internal flight/s are based on economy class. Lithium Ion batteries, usually used in laptops, cell phones and digital cameras, must be carried in your hand luggage (not in your checked luggage). Portable chargers with a case that does not state the capacity or with a capacity of 160wh and more are not allowed on internal flights at all.

AFTER-HOURS EXPERIENCES:

Occasionally, when time permits, we may offer extra evening experiences, such as a show, for those who want a little extra excitement. These experiences are not mandatory, will be outlined in your final documents, and can be paid for locally in RMB, either by cash or mobile payment app.

VACCINATIONS AND YOUR HEALTH:

Wendy Wu does not give specific health advice, but we do recommend you see your doctor at least six weeks prior to travel for advice and to allow time for any necessary vaccinations. Please remember to take your itinerary with you. Safe travel has a comprehensive website that you may also find useful www.safetravel.govt.nz

TIPPING POLICY:

Tipping while on holiday is common in most parts of the world and China is no exception. However, it is not always clear who it is appropriate to tip and how much. Furthermore, travellers may not have the right amounts of cash available at the right time. In order to avoid any inconvenience, Wendy Wu Tours operates a tipping policy where a stated amount is given to your National Escort at the beginning of your tour and tips are disbursed to local guides and drivers throughout your tour. The amount is designed to be at a reasonable level for travellers while being fair to the local people and includes a gratuity for the National Escort.

If you are travelling in a smaller group with local guides only, then tipping is paid in each destination. To be fair to the guides we ask for slightly higher amounts per traveller with small groups.

We generally find that most customers appreciate the convenience of our tipping policy but we do recognise that it may not suit everyone. However, as this is a group tour we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour.

INSURANCE:

We strongly recommend that you take out a policy as soon as you pay your deposit. Wendy Wu Tours cannot in any way be made liable for any additional cost incurred by the customer on any tour due to the customer not having adequate travel insurance.

We also encourage all customers to take a copy of their travel insurance documents (especially relevant international contact numbers) with them while on tour. We advise that you check the inclusions and procedures for lodging claims prior to your departure. These documents should be stored separately from the original.

DEVELOPMENT IN CHINA:

Though parts of China match the west in modernity and technological advances, it is important to remember that parts of China are still developing and as such, many aspects of tourism in China do not have the solid infrastructure and safety standards as seen here in the west.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs; so in each city, we will visit a workshop or factory which demonstrates a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone so we aim to take you to places which hold local interest; for example, in Shanghai you will be able to see how silk is created all the way from the silk worm to beautiful garments; and in Xian we will take you to a workshop which creates replicas of the Terracotta Warriors, from tiny little warriors to seven foot behemoths! We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

INTERNET RESTRICTIONS IN CHINA:

In China, certain Western apps, such as Google Services (e.g. Gmail, Google, Google Maps) and social media platforms (e.g. Facebook, WhatsApp), are blocked due to government restrictions on internet content. Some travellers may choose to download and use a VPN (Virtual Private Network) to bypass these restrictions and access blocked apps. Guests are strongly advised to conduct their own research into the legal implications as VPN usage is subject to government regulations. E-Sim providers such as Airalo and Holafly have built-in VPN capabilities.

TRAVEL MONEY IN CHINA:

We recommend having access to multiple sources of money while traveling. A combination of payment methods, including mobile payment apps, cash, and cards, will offer the most security and flexibility. Mobile payment apps like WeChat and Alipay are often more widely accepted than international cards or cash in China. You will need an internet connection when in China to use the apps. For more information, please refer to our www.wendywutours.co.nz/help-and-visas/china-travel-tips/

ITINERARY CHANGES:

It's our intention to adhere to the day-to-day itinerary as printed; however, the order of events or sightseeing may change as we look to improve our tours or as local conditions dictate. In these circumstances we'll make the best possible arrangements maintaining the integrity of your trip.

BEFORE YOU LEAVE:

We strongly recommend registering your travel plans with www.safetravel.govt.nz as in the event of an emergency, New Zealand Consular assistance will be more readily available.

Up until the day you travel, it is vital you keep up to date and familiarised with the entry requirements as these can change at short notice. You are personally responsible for completing any entry forms, conducting any covid tests (if necessary), etc and adhering to countries' specific entry requirements. You can also access the New Zealand Government's travel advisory service for up-to-date information about your destination on the same website.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive an email with your confirmation invoice, along with a link to our website where you can find your visa information (if applicable) and other important information. Your final documentation pack will be sent to you approximately 2 weeks prior to departure.
