ULTIMATE INDONESIA - TRAVEL INFORMATION

VISAS:

The cost of an Indonesian visa is not included, as the easiest and most commonly used application method is a Visa on Arrival (VOA).

The 30-day VOA costs approximately 500,000 Indonesian rupiah (around NZD50), plus a small service fee of approximately 13,500 Indonesian rupiah (NZD1.31), payable by cash or card. Alternatively, an electronic Visa on Arrival (eVOA) is also available and can be arranged up to 14 days before travel via the following website: <https://evisa.imigrasi.go.id/> although some Travellers have occasionally reported issues with the online process. We therefore recommend the Visa on Arrival option as the most straightforward method.

Please note - the Bali tourist levy is included in the cost of your holiday and does not need to be paid separately.

Your passport must have an expiry at least 6 months after the date you arrive and at least 2 blank pages. You will be denied entry if your passport does not meet these requirements.

This information is based on passengers holding a full New Zealand passport. If you hold any other passport, please contact us.

INSURANCE:

It is a condition of your booking that you are insured for the duration of your trip. We recommend comprehensive travel insurance to cover cancellation, medical requirements, luggage, repatriations and additional expenses. At a minimum, the policy is required to cover medical requirements including medical evacuations / repatriations. The choice of insurer is yours.

We strongly suggest you purchase insurance at the time you pay your deposit. This is because cancellation fees and charges are payable from that time. We may request you to provide evidence that you have taken out and paid for a policy to comply with this condition. If you fail to provide a certificate of currency of insurance within a reasonable time after our request, then this will be deemed a cancellation by you and standard cancellation fees will apply.

EATING IN SOUTHEAST ASIA:

Southeast Asia is home to an incredibly rich food history. The local cuisine is known for its intense flavours, spices, and some of the freshest ingredients you can find. In general, meals include either rice or noodles and are packed full of flavour. Lemongrass, ginger, lime leaves, coriander, fish sauce, and soy sauce are used in most local dishes. Whilst Southeast Asian food has a reputation for being hot and spicy, each region has its own distinct characteristics. Indonesia, for example, is known for its bold and diverse flavours, with influences from Indian, Chinese, and Dutch cuisines. Signature ingredients such as galangal, tamarind, and shrimp paste feature prominently in dishes like nasi goreng (fried rice), rendang (slow-cooked spiced beef), and gado-gado (vegetable salad with peanut sauce).

Your itinerary has been carefully crafted to introduce you to a range of local dishes, and we hope that you enjoy the culinary adventure ahead. All meals (excluding drinks) are included in our fully inclusive group tours from dinner on the day of your group's arrival until breakfast on your day of departure. When dining in Southeast Asia, although some restaurants have adopted a Western approach to dining, expect some to follow the traditional communal style of eating. Typically, this will mean each diner has their own small bowl and may serve themselves from a variety of shared dishes. At some local restaurants, appetizers and main courses might be served when they are ready instead of following a particular order.

Determining when it's appropriate to use chopsticks, forks, or spoons can be challenging for some travellers, even other Asians, as each country has different customs. In Indonesia, meals are traditionally eaten with a spoon and fork, with the spoon being the primary utensil and the fork used to help push food onto the spoon. In some regions, particularly in more traditional settings, eating with hands is common, especially when enjoying dishes like nasi padang. Typically, the Indonesian eat most rice based dishes with their right hand and sit on a bamboo mat at a low table.

GROUP SIZE:

Our groups will be accompanied by a National Escort. There will usually be no more than 18 travellers in each group although you may encounter other Wendy Wu tour groups while you are travelling.

All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so. For groups with fewer than 10 travellers, departures will operate with local guides, instead of a National Escort.

ACCOMMODATION:

Your accommodation is selected for convenience of location, comfort or character, and can range from a business hotel in one city to a family-run guesthouse in a smaller town. In more remote areas, accommodation may be of a lower standard and may not have all Western amenities.

Hotels on our tours are generally rated as local three to four-star standard, but please note that there is no international classification system for hotels and differences in facilities and quality do exist between New Zealand and Southeast Asia. All group tour hotels have private western bathroom facilities, air conditioning, TV and telephone. Plumbing and electricity supplies can be erratic and quite often the power in hotel rooms is turned off while guests are out of the room. If you experience any difficulty, please speak to your National Escort/Local Guide.

PORTERAGE:

Please be aware that porterage is not included on our tours in Southeast Asia. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of 5kg. It is essential that your luggage is lockable.

TRANSPORT:

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, countryside excursions and longer transfers where necessary. However, in Indonesia – where roads are often narrow or steep – smaller vans or minibuses are frequently required. Depending on group size, in areas where large coaches cannot operate, the group may be split into separate vehicles. Roads in Southeast Asia have generally improved over recent years, but traffic and/or weather conditions may significantly extend driving times. Road construction work usually covers an enormous section of road - not just one or two kilometres as you may be used to. For this reason, the timings listed in the itinerary are approximations only.

Planes: Internal flights are based on economy class, with reputable airlines.

TIPPING POLICY:

Tipping while on holiday is common in most parts of the world and Southeast Asia is no exception. However, it is not always clear who it is appropriate to tip and how much. Furthermore, travellers may not have the right amounts of cash available at the right time. To avoid any inconvenience Wendy Wu Tours operates a tipping policy where a stated amount is given to your national escort at the beginning of your tour and tips are disbursed to local guides and drivers throughout your tour. The amount is designed to be at a reasonable level for travellers while being fair to the local people and includes a gratuity for the national escort.

If you are travelling in a smaller group with local guides only, then tipping is paid at each destination. To be fair to the guides we ask for slightly higher amounts per traveller with small groups.

We generally find that most customers appreciate the convenience of our tipping policy but we do recognize that it may not suit everyone. However, as this is a group tour we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour.

DEVELOPMENT IN SOUTHEAST ASIA:

Although Southeast Asia is developing quickly, it still lacks the international standards of civil infrastructure and tourist facilities. Concepts of personal responsibility are also different to those in New Zealand. Consequently, tourist and public facilities may not uphold the same safety standards as in New Zealand; for example, you may see a hole in the road without a warning sign or safety barricade. All our suppliers meet local safety standards as a minimum. We want you to have an enjoyable holiday, so we ask that you take extra care, use your common sense, refer to notices and follow advice from your guide.

SOUVENIRS:

We want to be able to give you an opportunity to buy souvenirs, so we include some stops at museums or exhibitions which demonstrate a craft or product unique to that region with pieces available to buy. We understand that souvenir hunting is not for everyone, so we aim to take you to places, which hold local interest. We trust you will enjoy these opportunities to learn about local arts and crafts and understand their historical and cultural importance.

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact either your doctor or local Health Centre for advice on vaccinations and travel health. Safe Travel has a comprehensive website that you may also find useful www.safetravel.govt.nz

ITINERARY CHANGES:

It is our intention to adhere to the day-to-day itinerary as printed; however, the order of events or sightseeing may change as we look to improve our tours or as local conditions dictate; in these circumstances, we will make the best possible arrangements whilst maintaining the integrity of your trip.

BEFORE YOU LEAVE:

We strongly recommend registering your travel plans with www.safetravel.govt.nz as in the event of an emergency, New Zealand Consular assistance will be more readily available.

Up until the day you travel, it is vital you keep up to date and familiarised with the entry requirements as these can change at short notice. You are personally responsible for completing any entry forms, conducting any covid tests (if necessary), etc and adhering to countries' specific entry requirements.

You can also access the New Zealand Government's travel advisory service for up-to-date information about your destination on the same website.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice including a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks before departure.
