On this tour you will be spending several nights at altitude, and this will be marked on your day-by-day itinerary. At these sort of altitudes, Altitude Sickness is a risk. Symptoms may include dizziness, fatigue, nausea and shortness of breath.

It is recommended that travellers utilize their first day in high-altitude destinations to acclimatise. To help you acclimatise we have designed our tours to be at a slower pace with more convenient stops and more free time, during the first few days. Staying hydrated, eating light meals and following a very light schedule will all help. We recommend that any symptoms that are unusual should be brought to the attention of your guide. Your guide will be extremely well-trained in dealing with its effects – taking it easy and taking some time to acclimatise are the best ways to prevent and combat it. Serious cases, meaning that you must descend immediately, are rare. We have adapted the itinerary to make sure that your time at these heights is as relaxed and easy as possible.

There are no specific factors, such as age or fitness, that can cause you to suffer from Altitude Sickness. It can affect anyone at any time and symptoms may vary. In some instances, a short spell on oxygen can help enormously. All the hotels that we have selected to use on our programmes provide oxygen free of charge, please ask to use this. There is medication - such as Diamox, and the local Peruvian version, Soroche pills - that can help treat and prevent symptoms.

Consult a doctor before taking any of these medications, before engaging in strenuous activity at high altitude, and regarding any necessary vaccinations in plenty of time before travelling.

EATING IN SOUTH AMERICA:

South American cuisine is some of the most eclectic in the world, and each country has its own regional specialties worth sampling.

Peruvian food incorporates dishes introduced by the indigenous population and from a wide variety of immigrant populations from Europe, Asia and Africa. The four traditional staples of the diet are corn, potatoes, legumes and grains such as quinoa. The diversity of climates and altitudes in Peru have a strong influence on what is eaten – close to the sea, ceviche containing fish is popular, whilst in the Andes, meat from indigenous animals such as alpacas and guinea pigs are eaten. A typical dish from this region is pachamanca, a variety of meats, herbs and vegetables slow cooked underground with heated stones. Savour the food in Lima, it is Latin America's gastronomic capital! Peru also has plenty of international cuisine options.

Argentinian food incorporates many European influences predominantly from Italy and Spain. The Argentinian barbecue (asado) with steak and ribs is widely recognised as the country's national dish; however, in Patagonia lamb, goat and seafood are popular. Empanadas, stuffed pastry parcels, are a traditional snack and Dulce de leche (similar to caramel) features heavily in desserts throughout the country. Lunch is usually seen as the main meal of the day in Argentina with dinner being a lighter dish.

Brazilian food is strongly influenced by European and African cuisines, whilst there is not a single national cuisine there is an assortment of regional traditional dishes. In Rio and Sao Paulo, the Brazilian Feijoada is the traditional dish, being a stew made from meat and black beans. In Northern Brazil Cassava (a root vegetable) features heavily in meals.

Popular dishes throughout the country include rice and beans, served with meat and salad, fresh tropical fruit is a common dessert. Typical snacks include Pao de Queijo (cheese bread), Coxinha which is a chicken croquette, and Kibe which is a bulgar wheat and beef croquette.

Whilst we strongly recommend trying as many local dishes as possible, Argentina and Brazil also have a wide range of international foods available. Drinking bottled water and eating well-cooked food is strongly recommended. It's much safer to stick to bottled, treated or boiled water. Ice, along with salads or fruits washed in tap water should likewise be avoided.

Those with dietary requirements will be well catered for - just make sure to inform your booking agent of any specific requirements well in advance of your trip.

GROUP SIZE:

Most of our groups consist of 10 travellers or more and will be accompanied by National Escorts. There will usually be no more than 18 travellers in each group. All our departures are guaranteed to operate with a minimum of 8 travellers booked (unless cancelled due to factors beyond our control). However, at our discretion we may operate departures with a smaller group size as we try to operate advertised departures wherever it is viable to do so.

TRANSPORT:

Coaches: Coaches with air conditioning are used on our group tours, for city short excursions to the countryside and longer transfers between destinations. Roads in Chile have generally been improved over recent years, but please be aware traffic and/or weather conditions may extend driving times. There may be sections of road where the surface may be comparatively bumpy, but our drivers will do their utmost to lessen the impact.

Planes: Internal flights are based on economy class, with reputable airlines. Within Latin America flights are often changed multiple times before departure, both timings and flight numbers. The utmost care will be taken to ensure that your final documents will have the latest information, however your local guide will confirm this in destination. Boarding passes can be collected directly at the airport. The flights booked as part of your itinerary will always reflect the best timings to suit the touring itinerary, with direct flights wherever possible, however due to limited schedules some flights may require an early departure or late arrival.

ACCOMMODATION:

Your accommodation is selected for convenience of location, comfort or character, and can range from business hotels to rainforest lodges. Hotels are generally rated as local three to four-star standard, but please note that there is no international classification system for hotels and

differences in facilities and quality may exist between New Zealand and South America. All group tour hotels have private bathroom facilities and air conditioning where needed. If you experience any difficulty, please speak to your Local Guide.

Rest assured that all hotels used by Wendy Wu Tours are regularly inspected by our staff and our partners to ensure that standards meet your needs.

LUGGAGE:

All travellers are limited to two items of luggage each, a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of five kilograms. It is essential that your luggage is lockable. Please note that authorities will only allow bottles onto the aircraft if they have been checked in as main baggage. Bottles in hand luggage may be confiscated.

Please note luggage restrictions apply when travelling to Machu Picchu by Rail, please refer to the information listed under the section '**IMPORTANT INFORMATION ABOUT MACHU PICCHU**' in this document.

TIPPING POLICY:

Local tipping is customary in Latin America; however, this can often lead to awkwardness in knowing when it is appropriate to tip and how much, as well as ensuring you have a suitable amount of change available at the time.

For your convenience, with years of experiences in providing the best customer service, Wendy Wu Tours operates a kitty system on our Group Tours so your National Escort will look after this aspect of your trip for you. It also ensures that the amounts paid are reasonable for you but still fair for the local people. The amount is stated on each Group Tour page and will be advised again on your final documentation. Tipping is in US Dollars and will be collected by your National Escort on arrival and distributed throughout the tour on your behalf. Any additional tipping on any of our tours is welcomed at your discretion. Further guidance for tipping contributions will be outlined in your final documentation.

We generally find that most customers appreciate the convenience of our tipping policy, but we do recognise that it may not suit everyone. As this is a group tour, we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour. Tipping while on holiday is common in most parts of the world and South America is no exception.

We will provide suggested tipping amounts with your final documents for your convenience; however, tipping is entirely at your own discretion

EXCHANGING CASH:

The unit of currency in Peru is the Peruvian Nuevo Sol (PEN), Bolivia is the Boliviano (BOL), Chile is the Chilean Peso (CLP), in Argentina it is the Argentinian Peso (ARS) and in Brazil it is the

Brazilian Real (BRL). NZD dollars cannot be exchanged however US Dollars can be easily exchanged provided notes are new and undamaged. We suggest exchanging your money before travelling to remote areas and smaller towns, as exchange facilities can be limited.

Try and keep some small notes and coins on you, as on street stalls and in small shops they may not have the chance to break up a high denomination note. If you decide to use US dollars, make sure they are in a good state (not ripped etc) or they will not be accepted. ATMs are common across Latin America, and we recommend using an ATM inside a bank where possible.

Please note, currently there are restrictions on how much cash you can withdraw from ATMs in Argentina. Most major credit cards are widely accepted across the continent; please bear in mind the charges of your provider. Debit cards are also widely accepted but may have a limit to the amount of cash you can withdraw, so consult your bank about this before travelling.

PORTERAGE:

Please be aware that portering is not included on our tours in Latin America. You will therefore need to be able to handle your own luggage within the hotel and when using transportation like trains and coaches.

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact either your doctor or Health centre for advice on vaccinations and travel health. Safetravel has a comprehensive website that you may also find useful www.safetravel.govt.nz

BEFORE YOU LEAVE:

We strongly recommend registering your travel plans with www.safetravel.govt.nz as in the event of an emergency, New Zealand Consular assistance will be more readily available.

Up until the day you travel, it is vital you keep up to date and familiarised with the entry requirements as these can change at short notice. You are personally responsible for completing any entry forms, conducting any covid tests (if necessary), etc and adhering to countries' specific entry requirements. You can also access the New Zealand Government's travel advisory service for up-to-date information about your destination on the same website.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice including a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks prior to departure.

ITINERARY CHANGES:

It is our intention to adhere to the day-to-day itinerary as printed; however, the order of events or sightseeing may change as we look to improve our tours or as local conditions dictate; in these

circumstances we will make the best possible arrangements whilst maintaining the integrity of your trip.
